## GOVERNMENT OF WEST BENGAL

## LABOUR DEPARTMENT

### ORDERS

No. 2857-I.R./IR/11L-253/64.—1st July 1965.—Whereas under the Government of West Bengal, Labour Department, Order No. 3592-I.R./IR/11L-253/64, dated the 17th August 1964, the industrial dispute between Messrs. Optical Glass Works, 64 Metcalfe Street, Calcutta-13, and their workmen represented by Optical Workers' Association, Calcutta, 19/2A Pitambar Ghatak Lane, Calcutta-27, regarding the issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

### ANNEXURE

**In the matter of an industrial dispute between Messrs. Optical Glass Works, 64 Metcalfe Street, Calcutta-13, and their workmen, represented by Optical Workers, Association, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case no. VIII-217 of 1964.)**

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri A. P. BHATTACHARYA, Judge,
Second Industrial Tribunal.

Appearances:

For the Firm: Shri Jiten Banerjee, Advocate.

For the Union: Shri Hiralal Roy, Advocate.

The Government of West Bengal, Labour Department, by its order No. 3592-I.R./IR/11L-253/64, dated Calcutta, the 17th August 1964, referred an industrial dispute between Messrs. Optical Glass Works and their workmen represented by Optical Workers, Association for adjudication regarding the issues mentioned in the order of reference.

**Issues**

1. Wages.
2. Dearness allowance.
3. Bonus payable in 1963.
4. Retiral benefit.
5. Festival holidays.

This is a reference under section 10 of the Industrial Disputes Act. The workmen are represented by Optical Workers' Association. The case of the Union is that the firm known as Optical Glass Works and two other concerns such as Messrs. Ghosh & Co. and Messrs. Optical Stores are allied concerns and the ownership of all the three firms is common. The firm is earning huge amount of profit but the workmen are deprived of any share of it. The wages paid are low and even below the subsistence level. There is no payment of separate dearness allowance commensurate with the cost of living index. The firm does not allow the workmen festival holidays or any retirement benefit. The Union accordingly claims wages with minimum starting of Rs. 100, dearness allowance at the rate of Rs. 30

and bonus for the accounting year 1963. One month's total wages are claimed as pujah bonus. With regard to retiring benefit, provident fund is sought to be introduced A gratuity scheme for those who will retire from service is also claimed. 16 days in a year with full pay should be the festival holidays according to the Union. Annexure 'A' to the written statement of the workmen shows the existing pay of 11 workmen of Optical Glass Works and the existing pay of two workmen of Ghosh & Co. and Optical Stores. The charter of demand is Annexure B to the Union's written statement.

The company filed written statement denying that it was an industrial dispute and challenging the validity of the reference on that ground. It is denied that the three firms are common and joint in any sense. They are three distinct and separate firms with separate account and separate list of workmen. Optical Glass Works is a separate unit and it employs only seven workmen whose existing salrary is shown at page 4 of the written statement. The firm has no capacity to bear the burden of a pay structure. The status of the firm is not secured financially. Additional liability will result in total collapse of the business. Since the pay structure is consolidated, there is no scope for separate dearness allowance.

With regard to bonus the firm contends that there had been no payment of bonus at any time. The firm does not make any profit on the basis of which bonus can be claimed by the workmen. The workmen have no financial capacity to introduce a retiring scheme Festival holidays are allowed under the Shops and Establishments Act. Therefore the workmen are not entitled to any relief in this reference.

**Decision**

Both parties examined the witnesses and exhibited documents and addressed elaborate argument. I will take up the issues under reference seriatim. Before I proceed to do so, I will dispose of the preliminary points which were raised one by the Union and another by the employer. The Union applied under section 18(3) (b) for addition of two parties, namely, Ghosh & Co. and Optical Stores. At the time of hearing the prayer for addition of parties of Messrs. Optical Store was not pressed. In a preliminary hearing the Union pressed their application for addition of Ghosh & Co. as a party on the plea that the two firms namely Optical Glass Works and Ghosh & Company are under the same proprietor and partners and they are not separate unit of business but they form two departments of the same business. In my order No. 19, dated 11th May 1965, I have disposed of this point and found it against the Union. That order shall form part of the award.

With regard to the employer's objection to the maintainability of the reference that it was not an industrial dispute which had been referred. I should consider the evidence on record. The Optical Workers' Association is a general Union of Optical Workers. The Secretary of the Union is P. W. 1 Shri Monoranjan Bhowmick. He stated that there are seven or eight members working in Messrs. Optical Workers and that they are all members of this Union. According to the evidence of Monoranjan Bhowmick all these members approached him and requested him verbally to raise the present dispute which is of common concern to all of them. Under that authority he submitted the charter of demand which is annexure B to the Union's written statement. This evidence of P. W. 1. is not successfully challenged in corss examination. On the evidence of P. W. 1, I can safely come to the conclusion that the dispute of all the workmen of this firm was raised by these workmen and the Secretary of Optical Workers' Association was duly authorised to take up their cause. The Association which is of a general nature has therefore the support and corroboration from all the workers of this unit in respect of the dispute and as such it is an industrial dispute which has come up before the Tribunal. The objection is accordingly over-ruled. Now I will turn to the issues one by one.

**Issue No. 1 : Wages**

This raises the question of wages. There are seven workmen working in this firm and they are paid wages in consolidated form as shown in page 4 of the written statement of the firm. The list will show that the lowest pay is Rs. 55 for a helper and the maximum is paid to one workman who is paid Rs. 180. Partnership deed, Ext. A. will show that the business is of a small unit and the total capital invested is Rs. 5,000. Partnership deed is of the year 1957. The business was started in 1958. The business is of grinding of optical lens. It has no retail shop nor any commercial side except that lens are grinded and sold. The business was started only in 1958 and it has run barely six years. It is too early to impose regular wage structure upon a firm which employs only seven workmen. Wage structure is a long term matter and it should not ordinarily be imposed except where the business is a very stable business and the propsect is assured and the financial position is very sound and satisfactory. In view of the fact that the busniness is very small and of very short duration, no wage structure should be imposed upon it as it will have the effect of putting a premium upon this growth. The claim for wages stands disallowed. The representative for the firm Shri Jiten Banerjee submits to the Tribunal that in consideration of the fact that the pay of Rs. 55 is low, his client is willing to raise the minimum to Rs. 65 on the following terms: When a man will be appointed as an apprentice, he will be paid Rs. 55 for six months. Thereafter if his services be retained, he would be entitled to a minimum of Rs. 65. Subject to this the claim for wage structure by the Union stands disallowed. This will have effect from 1st June 1965.

**Issue No. 2 : Dearness allowance**

Coming to the question of dearness allowance the Union has exhibited some papers of other firms where wages are paid at a higher rate and dearness allowance is paid in some cases. Those firms are not purely dealing with grinding lens. They have wholesale and retail shop of spectacles. That being so, there is no comparable unit of a similar nature on the basis of which the scheme for dearness allowance can be introduced. Moreover the company has very limited sources and a regular scheme of dearness allowance linked with the living index would be too much burden upon the existing position of the company. It is however a significant fact that the wages being low the workmen should get some ad hoc dearness allowance and in view

of the hardship, the company's representative Shri Jiten Banerjee agrees on behalf of the company to pay Rs. 5 to all the workmen on ad hoc basis as dearness allowance prospectively, irrespective of their pay. I accordingly allow the workmen Rs. 5 as ad hoc dearness allowance and this benefit will ensure to all the workmen irrespective of their wages. This dearness allowance is to be paid on and from 1st of June 1965. This issue is accordingly disposed of.

**Issue No. 3 : Bonus payable in 1963**

With regard to claim for profit bonus, the firm employs only seven workmen. It is not a factory as defined in the Factories Act. No profit bonus is payable by the firm. Moreover profit bonus is not the claim and the workmen who deposed for the Union stated that the Union's claim was for puja bonus only. It is admitted by the witness of the Union that no puja bonus had ever been paid. If that is so, puja bonus cannot be claimed either as a customary bonus or as condition of service. The claim for puja bonus or profit bonus is accordingly stand disallowed.

**Issue No. 4 : Retiral benefit**

With regard to the retiring benefit I am not in favour of introducing any scheme for retiring benefit in view of the fact that the company is only six years' old and it is a small firm employing only seven workmen. Such a business should not be saddled with any gratuity scheme for retirement. The question of provident fund scheme does not arise in this case.

**Issue No. 5 : Festival holidays**

The Union's witness stated that the workmen are enjoying 13 days' festival holidays. I fail to understand how the claim for 16 days' can be founded. The festival holidays of 13 days as are now enjoyed by the workmen would satisfy the claim. Issues are accordingly answered.

This is my award which is to be implemented within 30 days of its publication in the "Calcutta Gazette".

**Order**

**Serial No. 19, dated 11th May 1965**

This is an application under section 18, sub-section 3(b) of the Industrial Disputes Act. There had been a reference under section 10 of the Industrial Disputes Act in respect of a dispute existing between Messrs. Optical Glass Works, 64 Metcalfe Street and their workmen represented by Optical Workers' Association. The Union files a petition and in support thereof swears an affidavit (affidavit is sworn by Haraprosad Banerjee) stating that there are two workmen working in Ghosh & Co. at 14 Bepin Behari Ganguly Street. The proprietor of Optical Glass Works and Ghosh & Company is the same person, namely, Panchanan Ghosh. Both the concerns do the work of grinding of lens. The accounts, cash and allied transactions as well as attendance, stock of material, stores, etc., of the two concerns are common and they are maintained at 14 Bepin Behari Ganguly Street under the name and style of Ghosh & Co. It is therefore considered essential that Ghosh & Company should be impleaded and summons should be issued to Ghosh & Co., for appearance in this proceedings.

The application is opposed on the side of Optical Glass Works. Shri Panchanan Ghosh swore an affidavit denying the allegations of Haraprosad Banerjee. It is stated that Optical Glass Works is a partnership concern while Ghosh & Co. is a proprietory concern. Ghosh & Company maintains separate register, salary book, attendance register, etc., and there is no common stock of registers, etc., as stated in the affidavit of Haraprosad Banerjee. The two are separate and independent concerns and there is no reason why Ghosh & Co. should be directed to appear in this proceedings.

I have heard both the parties on their respective petitions and affidavits and considered the affidavits as well. The law on this point is rather well settled. The Supreme Court decision reported in F. L. R., 1964, Volume 9, Page 101, may be cited for the principles involved. If the employer named in the reference does not fully represent the interests of the employer, as such other persons who are interested in the undertaking of the employer may be joined. Similarly, if the Union specified in the reference does not represent all the employees of the undertaking, it may be open to the Tribunal to add such other union as it may deem necessary. The test always must be, is the addition of the party necessary to make the adjudication itself effective and enforceable? In other words, the test may well be would the non-joinder of the party make the proceedings ineffective and unenforceable? In the instant case a dispute has been referred which is said to exist between Messrs. Optical Glass Works and their workmen. There are eight workmen working in that concern. It is an independent concern and Ghosh & Company is another concern, may be of the same proprietor. No dispute has been referred to this Tribunal between Ghosh & Company and the two workmen working there. Whetever adjudication I may make in this reference will be enforceable against the employer Messrs. Optical Glass Works. The employer named in the reference Optical Glass Works fully represents the interest of the employer and the award which may be passed would be enforceable against him In the circumstances there is no justification in summoning Ghosh & Co. which is a different concern to appear in this proceedings. The application for addition of party made under section 18(3) (b) stands rejected. The Union does not press their application for addition of another party mentioned in the application.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri AMBIKA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By Order No. 6130-I.R./IR/11L-157/64, dated Calcutta, the 11th November 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Sen Raleigh Ltd., Burdwan, and their workmen represented by Sen Raleigh Cycle Factory Mazdoor Congress, Asansol, for adjudication regarding the issue contained in the order of reference.

### Issue

Whether the dismissal of Shri Sailendra Nath Das is justified ? To what relief, if any, is he entitled?

This is a reference under section 10 of the Industrial Disputes Act. The Union is represented in its reference by Sen Raleigh Cycle Factory Mazdoor Congress. The written statement of the union discloses the following facts:

The Company is a manufacturer of cycle parts. This is a prosperous concern earning huge profits. The wage structure of the workmen is low. The workmen formed a Union for collective bargaining. The Union styled as Sen Raleigh Employees' Union indulged in activities prejudicial to the interest of the workmen. Some workmen being dissatisfied with that Union formed a new Union, namely, the Union named in the order of reference in the interest of the workmen. The formation of this Union annoyed the Company and the Company started victimisation with the abatement of the previous Union leader. Sailendra Nath Das was a permanent employee who served the Company for long 10 years. Shri Das took medical leave from 1st January 1964 to 10th of February 1964 Shri Das joined his duties on 11th February 1964. On that very day he was served with a charge-sheet, containing some false and malicious allegation of an incident of 25th January 1964. Shri Das submitted reply denying the allegation. On 21st February 1964 an enquiry was held but it was not fair and in the said enquiry proper scope of self-defence was denied to the workman. The enquiry suffers from serious infirmities. On 27th February 1964 a letter of dismissal was served upon the workman. The dismissal is challenged as unjustified.

The Company replied to the written statement of the Union and in the said written statement traversed all the salient allegations against the Company. The Company recognises Sen Raleigh Employees' Union because it is the only Union which represents substantial majority of the workmen. Shri Das was undoubtedly working for 10 years in the Company. He was dismissed for gross misconduct. In fact he absented from duty without previous intimation from 31st of December 1963. He submitted a medical certificate which spoke about his treatment for septic allergic dermatitis of the right leg. On 25th of January 1964 at 1-30 a.m. Shri Das accompanied by another man entered the Copany's building store attached to the clinic of the Company. He wanted to use Company's telephone installed in the building store and asked the guard on duty for the exchange number. The guard on duty informed him that it was an internal telephone from where Shri Das could contact the medical officer for any emergency call and that he was not aware of any exchange number. At this Shri Das became furious and abused the guard and broke the telephone to pieces and threatened him with a dagger. The guard shouted for help and Shri B. Sukla, another guard who was staying in an adjacent quarter, rushed to the spot. On arrival of the second guard Shri Das and his companion became very furious and Shri Das whipped out a dagger to assault the second guard. Shri Das attended the enquiry held on 25th February 1964 to which date it was adjourned at the request of Shre Das. The Company came to the finding that Shri Das was guilty of gross misconduct and accordingly dismissed him by the letter, dated 27th of February 1964.

Appearances of the parties are as follows :

For the Company : Shri J. N. Chatterjee.

For the Union : Shri Nikhilesh Das, Advocate, and Shri Balai Chatterjee, Advocate.

### Decision

Shri Sailendra Nath Das was admittedly a worker of the Company in the Hubs Department and was working for the last 10 years. He was admittedly on medical leave for the period from 31st December 1963 to 10th February 1964. He was due to join on 11th February 1964, and he went to join on that day. Immediately on joining he was served with a charge-sheet which is Ext. A. The charge-sheet described the incident of 25th January 1964 at 1-30 a.m. inside the

building stores adjacent to the Company's clinic. There was a telephone belonging to the Company. The guard on duty was Ram Moni Choudhury. Shri Das wanted exchange number from him and the guard, expressed ignorance. Sailen Das became furious, started abusing the guard, broke the telephone mouthpiece by pushing it on the ground with violence. The guard Ram Moni objected and shouted for help when the second guard B. Sukla rushed to the spot. Sailen became furious and threatened to assault both the guards. He also threatened them with a dagger and ultimately he managed to escape. The charge accordingly was for committing theft, riotous behaviour, threatening endangering life and safety of the guard on duty, committing damage and theft of Company's property. These are all commissions subversive of good behaviour and discipline. The workman admittedly received the charge-sheet and he gave reply thereto which is Ext. B. The Company filed a copy of the Standing Orders Ext. G. Though the charge-sheet does not quote the particular clauses of Standing Orders which were followed but it will appear that the Standing Orders is a duly certified one and the major misdemeanours are described at page 13. Under clause 10 riotous, disorderly behaviour is a major misconduct. Under clause 11 Commission of any act subversive of good behaviour or of the discipline of the Company is another such misconduct. Under clause 14 wilful or irresponsible action resulting in damage to any goods or property of the Company's premises is another misconduct. If the charge which is levelled against the workman can be proved against him, the act with which the workman is charged would certainly amount to major misdemeanour as defined in clauses 10, 11 and 14 at page 13 of the Standing Orders of the Company. I will now turn to the reply. In the reply the charge is denied. In paragraph 5 of the reply it is stated that since the workman was suffering from ailment of septic allergic dermatitis in his leg and was confined to bed on the relevant date, it was not possible for him to indulge in such an act of riotous conduct as alleged by the Company. In paragraph 6 it is mentioned that the charge was an absurd one and it was either a case of mistaken identity or cunning mechanisation of some designing persons.

An enquiry was held by Shri B. N. Bagchi, O. P. W. 1., on 21st May 1965 and it was attended by the workman himself. One Shri Sukhendu Chatterjee also attended the enquiry as an observer at the request of the workman concerned. This fact is noted in the proceeding Ext. C and is also deposed to by the enquiring officer Shri B. N. Bagchi. Sailen Das wants to say that he did not take any observer with him. The evidence accordingly is oath against oath of the two witnesses Shri Bagchi and Shri Das. In view of the fact that the name of the observer is noted in the proceedins of enquiry I should accept the testimony of Shri Bagchi that Shri Chatterjee was present as an observer on behalf of Shri Sailen Das. It is significant to note that Shri Das admitted that he took one observer, namely, Amrit Bose but the company objected to his presence. No such witness was examined before the Tribunal. Moreover there is no evidence either oral or documentary to corroborate the statement of Shri Das on this point. In paragraph 12 of the written statement of the Union the enquiry was described as "pretended and eyewash enquiry" in a pre-planned manner without giving proper scope of self-defence and in gross violation of the principles of natural justice, and that the enquiry was vitiated by serious informities. The written statement is therefore worded in vague terms. Turning to the evidence of Shri Das he said that he was not given opportunities of cross-examining the witnesses of the management, and that the Hindi evidence of witnesses was not read over and explained to him. He further added that the enquiring officer did not ask him to sign the enquiry proceedings nor did he sign the same. It will appear from the proceedings of the enquiry that the management's witnesses were examined first. P. K. Sarkar, Foreman of Hubs Department, was the first witness examined. It will appear from the proceedings that Shri Das was asked to cross-examine Shri Sarkar but he declined to do so. Then the Security Officer Shri R. M. Sarkar was examined-in-chief. At page 3 of the proceedings it is stated that the delinquent worker was asked to cross-examine Shri R. M. Sarkar. In fact he was cross-examined and the cross-examination was recorded in Bengali. J. Roy, Civil Engineer, was the next witness. He was also cross-examined by Shri Das. Thereafter Shri P. K. Sarkar, the foreman who was examined earlier, was wanted to be cross-examined by Shri Das and Shri Das cross-examined him at page 5 of the proceedings. Then the management examined Ram Moni Choudhury, the night guard. He was also cross-examined by Shri Das at page 7. The next witness was B. Shukla, another night guard. He was also cross-examined by Shri Das at page 10 of the proceedings. At the close of the enquiry, the enquiring officer asked Shri Das whether he wanted to examine any witness or make any statement in respect of the charge against him. He declined to examine any witness or to make any further statement. From the above proceedings and in the light of the evidence of Shri Bagchi, there is no scope for argument that Shri Das was not given proper opportunities of cross-examining the witnesses of the management or producing the evidence on his side. The enquiry had been fair. Two witnesses Ram Moni and Sukla gave evidence in Hindi and it was read out by Shri Bagchi in Bengali script. It was explained in Bengali to the workman concerned. This is the evidence of Shri Bagchi. There is no objection on the side of Shri Das to indicate that he had any difficulty in following the evidence to Ram Moni or Sukla. At the conclusion of the enquiry Shri Bagchi made an endorsement wherefrom it would appear that Shri Das and Shri Chatterjee were asked to give signature to the enquiry proceedings but they refused to do so. This endorsement is proved by Shri Bagchi in his evidence. It is significant to note that Shri Das stated that he did not sign the enquiry proceedings though he was present throughout. If that is so, the evidence of Shri Bagchi that Shri Das declined to sign is a believable piece of evidence. There is no serious informalities in the enquiry prodceedings nor it can be said that the proceedings is opposed to the principles of natural justice. When a fair and proper enquiry had been held the Tribunal would refuse to interfere or substitute its own judgment in place of that of the domestic tribunal except in the following cases:

(1) Where there had been want of good faith;

(2) Where there is victimisation or unfair labour practice;

(3) Where the management is guilty of basic error or violation of principles of natural justice;

(4) Where on the materials the finding is completely baseless and perverse.

Shri Das was a worker of the Company and a serious charge was levelled against him, namely, one of breaking the telephone belonging to the Company under the circumstances stated in the charge-sheet. There is nothing on record to show that the Company was actuated by *mala fide* intention in proceedings against Shri Das. Shri Das wants to say that he is an active member of the Union, namely, Sen Raleigh Cycle Factory Mazdoor Congress. It is true that he is a member of the Union but there is a rival Union, namely Sen Raleigh Employees' Union. There is nothing to show that Shri Das was taking any active part in respect of Mazdoor Congress. In the absence of any positive evidence on this point one should not presume that Shri Das was participated in Union activities in a manner which attracted the notice of the Company. It is not a case of want of good faith on the part of the Company nor it is a case of victimisation or unfair labour practice. The only point which is argued before me on the side of the Union is that on the materials on record the finding of the enquiring officer is completely baseless and perverse. The principle is well established that jurisdiction of the Tribunal is limited to the enquiry as to where a *prima facie* case has been made out by the employer against the employee, i.e., whereon the evidence led it was possible to arrive at the conclusion in question through it may not be the only conclusion. In the present case since I have held that there had been a fair enquiry, it would be enough for the employer to show that there was some evidence at the domestic enquiry on which it was possible for the enquiring officer to arrive at the conclusion that Sri Das was guilty of the charge. In this respect the evidence of Ram Moni Choudhury is important. He stated before the enquiring officer that on 25th January 1964 at 1-30 a.m., i.e., in the night while he was keeping watch over the housing project area he noticed two men entering through the fencing. One of them wanted to use the telephone which was lodged in that place under a shed. He demanded the exchange number. The guard could not give him the number. At this the telephone apparatus was thrown out by that man and it was broken to pieces. The man also abused the guard. He brought out a knife as well to threaten the guard. The guard shouted and on hearing his shout another guard Sukla came to the spot. Sukla was also abused and threatened. He retreated inside his quarter to re-appear properly armed. Then the miscreants left. Shri Ram Moni further stated that he disclosed his name as Sailen Das. He shouted by saying "Hamara Nam Sailen Das Hai, Haramika Bachha Tum Hum Ko Chinta Nchi"? It is the evidence of Ram Moni who is the principal witness at the enquiry that he knew Sailen Das as a worker of the Company but did not know him by name. He came to know of the name from the disclosure made by Shri Sailen Das himself under the above circumstances. Sukla was also examined at the domestic Tribunal. The matter was reported to the Civil Engineer J. Roy shortly thereafter. On the above circumstances the enquiring officer came to his finding Ext. D. The plea of Shri Das at the enquiry was that since he was sick at the relevant period and completely bed ridden it would not have possible for him to figure in the scene as described by Ram Moni Choudhury. It is true that Shri Das was on leave for the period from 31st December 1963 to 10th February 1964. Thus on the relevant date, i.e., 25th January 1964 he was on leave. This plea was dis-believed, by the enquiring officer and he relied upon the evidence of Ram Moni Choudhury as to identification of Shri Das and that of Shri B. Sukla who corroborated the story of Ram Moni in some material particulars and came to the finding that it was Shri Das who broke the telephone mouth piece and abused the guard on duty. It is argued before me that the enquiring officer ought not to have relied on the testimony of Ram Moni and that he ought to have enquired into the medical certificate which was filed by Shri Das in support of his application for leave. Now if the evidence of Ram Moni is believed, it cannot be said that there is no evidence at the domestic tribunal for coming to the conclusion which have been reached by Shri Bagchi. If Shri Bagchi believed the evidence of Ram Moni and others, the conclusion which he arrived at is quite a possible conclusion and the Tribunal should not substitute its own judgement in place of that of the enquiring officer. With regard to the medical certificates, those medical certificates were proved before me on the side of the Union by calling the doctor who granted them as a witness. He is P. W. 1. Dr. Gopika Ranjan Mitra. He proved Exts. 2 and 2 (a). Dr. Mitra wants to say that he examined Shri Das on three different dates between 21st January 1964 to 5th February 1964, and he found the patient not physically fit to move out. I will turn to the certificates Exts. 2 and 2 (a). Ext. 2 is dated 24th January 1964 and it states that the patient Shri Das was under the treatment of Shri Mitra from 21st January 1964 and was suffering from septic allergic dermatitis of the right leg. He was advised rest for another two weeks. The next certificate was granted on 9th February 1964 which was a fit certificate. Thus certificates which relied on by the Union is Ext. 2, dated 24th January 1964. The mere fact that the doctor advised rest for a patient would not help me in coming to the conclusion that he was physically unfit to move out. I cannot accept the testimony of Shri Mitra that in fact Shri Das was physically unfit for moving out. There is nothing mentioned about it in the certificate itself. On the contrary before the domestic tribunal Shri Das himself stated that he could move out slowly. (আমি আস্তে আস্তে মুভ করতে পারতাম) at page 11 of the enquiry proceedings. The evidence of Ram Moni Choudhury is not therefore thoroughly inconsistent with the physical ailment of Shri Das. Moreover the enquiring officer disbelieved the plea of Shri Das in view of the other evidence before him and came to the conclusion that Shri Das was guilty of the charge; the tribunal is compelled to say that it is quite a possible conclusion and the finding cannot be said to be perverse or not supported by any evidence. It is not therefore a case of perverse finding by the domestic tribunal. None of the grounds for interference is accordingly made out.

On the side of the Union it is argued that the foreman issued charge-sheet in the instant case and the employer must prove that the foreman had authority of issuing the charge-sheet. It is a question of fact and it was raised for the first time at the time of argument. It is not also mentioned in the written statement. The employer therefore has no opportunity of meeting this point as to how a foreman had authority of issuing the charge-sheet. Moreover charge-sheet is not a

punishment and there is no substance in the argument that a foreman is not competent to issue charge-sheet.

For the foregoing reasons I hold that the dismissal of Shri Sachindra Nath Das is justified. He is entitled to no relief in this reference.

This is my award.

Whether the termination of service of Shri Ajit Kumar Roy is justified? To what relief, if any, is he entitled?

### Decision

This is a reference under section 10 of the Industrial Disputes Act. Both the parties appeared and filed written statement after service of notice upon them. The case was fixed for hearing on 16th June 1965. On that day a talk of compromise was raised, discussed and finally concluded in a compromise. Both parties filed a joint petition embodying terms of settlement which appear to be fair and reasonable. An award is accordingly made in terms of the settlement. The joint petition of settlement do form part of the award.

## AWARD

The Government af West Bengal, had, by Order No.102-I.R./IR/13L-31/64, dated the 11th January 1965, referred the following industrial dispute between Messrs. The Basumati Press (P) Ltd. and their workmen represented by the Basumati Press Employees' Union to this Tribunal for adjudication.

### Issues

(1) What retiral banefits, if any, the following workmen are entitled to for the period of their service not covered by the Provident Fund ?

(i) Shri Tarapada Halder, (ii) Shri Sarat Chandra Ghose, (iii) Shri Sadhu Ahir, (iv) Shri Jatindra Nath Ghose, and (v) Shri Panchanan Chatterjee.

(2) Is the retirement of the following workmen justified ? What relief, if any, are they entitled to ?

(i) Shri Ramraj Ahir, (ii) Shri Thakur Din Tewari and (iii) Shri Dhame Ahir.

After the service of the usual notice, the workmen represented by the Union had submitted its written statement, and the employer, The Basumati Private Ltd., which is said to have been wrongly described as Basumati Press (P) Ltd., had also submitted the written statement. In the written statement filed on behalf of the workmen, it has been said that all these workers mentioned above are permanent workmen of the Company and had put in long years of service and are also active members of the Union. A chart has been given showing the designation, the date of appointment, the period of service and the wages of these persons. It is further stated that the management had wrongly terminated the services by several letters, dated 30th July 1963, and 30th October 1963, that at the time of appointment of these eight workmen, there was no condition of service specifying the age of superannuation that these persons were to work as long as they were able to work and that the certified standing orders of the Company which came into existence in 1952 cannot apply to these workmen who had been employed before. It is also stated that the management cannot ask these workmen to retire unless they become physically and mentally unfit for work, that after the alleged-retirement, Tarapada Halder, Thakur Din Tewari and Panchanan Chatterjee had been taken back in employment, that in the circumstances, the question of the retiral benefit to the five workmen of the first group cannot arise and that as the workmen had really been retrenched, they are entitled to compensation under section 25F of the Industrial Disputes Act. The workmen had prayed for reinstatement of the eight workmen and for payment of all their wages and allowances for the period of forced unemployment and that the workmen of the first group might be given compensation under section 25F of the Industrial Disputes Act.

The Company in its written statement had alleged that it has been incorporated sometime in the year 1963 and had denied that the management had been pursuing anti-labour and anti-union policy and had been harassing and victimising the members of the Union, and it further denied that the workmen mentioned in the letter of reference are active members of the Union. It is further alleged that in the certified standing orders of the Company, dated 11th January 1952, it has been provided in section 14 that all the workmen should retire ordinarily on completion of 55 years of their age, that if any workman is considered fit even after the completion of 55th years of his age, he may, on his application, be given an extension not exceeding three years, provided no retrenchment is called for in the meantime, that no workman who is physically unfit (it should be physically fit) should be made to retire and that any workman completing 25 years of service has the option to retire even if he has not completed his 55th year of his age. With regard to retrenchment, it has been provided, inter alia, that a workman whose superannuation is overdue should be made to retire in the first instance, that if further retrenchment is called for, retrenchment should be effected according to the accepted principle "last come first go", that this should be the usual rule, that deviation from this accepted principle is permissible in consideration of comparative efficiency of the employees, their conduct and other factors, that at the time of fresh employment, retrenched employee should get the first preference, other things being equal, and that in re-employing retrenched employees, it is only efficiency and ability that counts, and not the principle "last come first go". It is a further case of the Company that in 1963 all the eight workmen had attained the 55th year of their age, and therefore became liable to retire on account of their old age and, therefore, the Company had addressed letters, dated 28th February 1963, to each of them informing them that since they had reached the age of superannuation, their services were terminated by the Company with effect from 1st April 1963 and each of these employees were directed to settle their accounts with the accounts Department of the Company. After receiving these letters the workmen made representation to the management of the Company and by the letter, dated 29th March 1963, the workmen were informed that it was decided to keep the order in the letter, dated 28th February 1963, in abeyance until further orders. Thereafter, the matter was considered by the management including the Board of Directors and it was decided that the services of the workmen should be terminated in accordance with the provision of clause 14 of the certified standing orders. In accordance with the decision, seven letters all dated 30th July 1963 were addressed to Tarapada Halder, Sadhu Ahir, Jatindra Nath Ghose, Panchanan Chatterjee, Ramraj Ahir, Thakur Din Tewari, and Dhame Ahir intimating that their services were terminated with effect from 1st September 1963 and by another letter, dated 31st October 1963, addressed to Sarat Chandra Ghose, the Company terminated his services with effect from 1st December 1963. Therefore, the termination was not wrongful, as the certified standing orders of the Company are binding on all the workmen. With regard to the standing orders, it is said that the standing orders had been certified under section 5(3) of the Industrial Employment (Standing Orders) Act, 1946, that the terms and conditions contained in the standing orders are reasonable, justified and binding on all the workmen of the Company including the workmen whose names appear in the order of reference, that all the workmen of the Company had accepted the above standing orders and acted on the basis thereof and had received diverse benefits from time to time thereunder. The Company therefore denies that it cannot terminate the services of the workmen on the ground of superannuation and alleges that in view of the age and physical and mental condition, Tarapada Halder, Thakurdin Tewari and Panchanan Chatterjee are unfit to do the work for which they were previously employed, that the Company, however, in consideration of their long services had re-employed them in order to render financial assistance, that the question of retiral benefits so far as Tarapada Halder, Sarat Ghose, Sadhu Ahir, Jatindra Nath Ghose and Panchanan Chatterjee are concerned does not arise at all and that there is question of retrenchment. The Company in the circumstances states that the workmen are not entitled to get any relief.

**Decision**

Before I proceed to consider the questions as to whether the first group of five workmen is entitled to

get any retiral benefit and as to whether the second group of three workmen had been retired on justifiable grounds, I shall notice a submission which has been made by Shri Nikhil Roy appearing for the Union. Shri Roy had pointed out that real issue in so far as the first group of five workmen are concerned is also the justifiability of the retirement on the alleged ground of superannuation. He further submitted that the question of retiral benefits, so far as they are concerned for the period not covered by the Provident Fund, does not, strictly speaking, arise in the circumstances of the present case. I had pointed out to Shri Roy that I am bound by the order of reference made by the Labour Department of the Government of West Bengal and it is not for me to travel beyond the order of reference and decide that question, as it is a question which has not been referred to this Tribunal for adjudication. I have further pointed out that if the Union was not satisfied with the order of reference made in this behalf by the Government of West Bengal, it could move the Hon'ble High Court under Article 226 of the Constitution. Shri Roy pointed out that the order of reference is an administrative order and therefore the workmen could not possibly get any relief by instituting proceeding under Article 226 of the Constitution. It is not for me to say whether any relief could or could not be obtained by filing an application under Article 226 of the Constitution. I would only point out that if really the question of the justifiability of the retirement so far as the first group of five workmen is concerned was really raised before the Government of West Bengal and if really the Government of West Bengal refused to refer that question to this Tribunal for adjudication, then the order might be set aside if the refusal was for extraneous reasons. In this connection I would refer to the ruling reported in A. I. R. 1960 S. C. 1223 (State of Bombay versus. H. P. Krishnan). This ruling has been referred to and relied in the case reported in A. I. R. 1964 Orissa 256 (A. K. Roy versus. State of Orissa). Their Lordships had referred to the provisions of section 12(5) of the Industrial Disputes Act and had been pleased to observe that the order passed by the Government under that section may be administrative order and the reasons recorded by it may not be justifiable in the sense that their propriety, adequacy or satisfactory character may not be open to judicial security, that in that sense it would be correct to say that the Court hearing a petition of mandamus is not sitting an appeal over the decision of the Government, that nevertheless if the Court is satisfied with the reasons given for refusing to make a reference are extraneous and not germane, then the Court can issue and would be justified in issuing writ of mandamus even in respect of such administrative order, and that while passing the order under section 12(5), the Government must consider not only the report under section 12(4), but also other relevant factors. As I have stated earlier, it is not for me to say whether the workmen concerned could have obtained any relief by filing an application under Article 226 of the Constitution. It would be sufficient to state that if there has been refusal to refer on extraneous ground, the relief by filing an application under Article 226 of the Constitution is certainly possible. The effect, however, of the fact that there has been no reference regarding the justifiability of retirement on the ground of superannuation of the first group of five workmen is that this Tribunal cannot adjudicate on this question so far as these persons are concerned. But as the question had been raised by both the parties regarding all the eight workmen, I shall record my finding, on the question of the justifiability of the retirement of all the eight workmen on the ground of superannuation.

The learned lawyer appearing for the Company had strongly relied on the certified standing orders (Ext. C) and had urged that since 1952 the condition of service must be deemed to be governed by the provisions of the certified standing orders. Shri Roy appearing for the workmen had urged, on the other hand, that the provisions of the certified standing orders of the Company cannot apply in the case of these workmen who had entered service before the certified standing orders of the Company came into force. My attention has been drawn by Shri Roy to the rulings reported in 1959 (II) L.L.J., 405 (Guest, Keen, William Pvt. Ltd. versus. P. J. Sterling) and 1964 (II) L.L.J. 146 (Workmen of Kettlewell Bullen & Co. versus Kettlewell Bullen & Co.). In the first case it was held that the age of retirement as fixed by the standing orders did not apply to the prior employees. That case was decided by their Lordships of the Supreme Court before the amendment of the Industrial Employment (Standing Orders) Act, 1946, by Act 36 of 1956. In the context of law as it prevailed prior to the amendment by Act 36 of 1956, their Lordship of the Supreme Court had held that the workmen had a right to claim the modification of the standing orders on the ground that they are unreasonable or unfair by raising an industrial dispute in that behalf. Their Lordships, however, discussed the effect of amendment of section 4 and sub-section 2 of the section 10 of the Industrial Employment (Standing Orders) Act, 1946, by Act 36 of 1956 and had observed that the position is substantially altered by these two amendments and that subsequent to the amendment of the Act, the workmen can raise the dispute referred to above before the certifying officer or before the Appellate Authority and may apply for modification of the standing orders under section 10 (2) of the Act. It appears to me that in view of the amendment of 1956, it is no longer possible for workmen to raise an industrial dispute regarding the unreasonableness or unfairness of the provisions of the standing orders. It may also be pointed out that in the Industrial Employment (Standing Orders) Act, there is a provision for appeal to the Appellate Authority by any person aggrieved by the order of the certifying officer. There is also further provision for reference of any question relating to the application or interpretation of the standing orders certified under this Act to any of the specified Labour Courts (vide the provisions of sections 6 and 13A of the Act). Under section 3(2) read with section 2 (g) of the Act, standing orders can be made, inter alia, for the termination of employment and the notice thereof to be given by the employer to the workmen. It would appear from the ruling reported in 1960 (I) L.L.J., 187 (The Hindu, Madras versus The Hindu Office and National Press of Employees' Union) that the expression "termination of employment" is wide enough to include retirement of employees at the age of superannuation. Therefore under the standing orders the employer is entitled to make provision regarding the retirement of of the employees or workmen on superannuation. If the workmen concerned felt aggrieved by reasons of the provisions made in the standing orders regarding retirement on superannuation, they could have certainly

raised the dispute by filing the appeal or could have sought modification under section 10(2) of the Industrial Employment (Standing Orders) Act. They have not done so and it appears to me that they cannot now challenge the standing orders of the Company as being unreasonable and unfair so far as the employees who got their employment before the standing orders were enforced are concerned. With regard to the other case reported in 1964 (II) L.L.J., 146, it appears that the Company framed rules regarding retirement on completion of the 55th year in 1947 and 1951. It was held that these rules do not apply to employee who had entered service before it was pointed out that there was no age of retirement before and there was nothing to show that the employees had agreed to accept the new rules as part of their conditions of service. It appears to me that the position of the employees where new service rules have been framed is completely different from the position of those employees where certified standing orders had come into force. The certified standing orders are statutory conditions of service. With regard to the new service rules, it is possible to argue that they cannot apply with retrospective effect unless, of course, the employees themselves had accepted the new service rules as conditions of service. Where, however, there are certified standing orders, it appears to me, it is not possible to argue that they should not apply to the employees who got their employments before those standing orders were brought into force in accordance with the Act. The very fact that the workmen did not raise any dispute at the appropriate time would show that they had accepted the new condition of service embodied in the certified standing orders. Shri Sarkar appearing for the Company had also pointed out that there is some evidence to show that the leave facilities as granted by the standing orders had been availed of by these workmen. It would appear that section 12 of the standing orders provide that there is 15 days' privilege leave on full pay to be accumulated for three years, there is seven days' non-cumulative casual leave on full pay, there is ten days' sick leave on full pay to be accumulated up to three months and subject to a limit of six months in the whole service, there is ten days' gazetted holidays on full pay in a year excluding Sundays. P.W. 1 Sarat Ghosh who is one of the workmen mentioned in the first group had said that these leaves and holidays had been enjoyed by him; P.W. 2 Tarapada Halder had also admitted that he had enjoyed the leave and holidays like the other workmen all along ; P.W. 3 Jatindra Nath Ghosh had also given similar evidence ; similar evidences have been given by P.W. 4 Sadhu Ahir and P.W. 5 Dhama Ram Ahir. Panchanan Chatterjee and Thakur Din Tewari had not been examined in this case. It was suggested to O.P.W. 1 in cross-examination that these two workmen had not been released from the office for the purpose of giving evidence in this case. O.P.W 1 had been unable to say whether they had been so detained or not. Whatever that might be, it is absolutely clear that after the standing orders came into force, these workmen had been enjoying benefits conferred by the standing orders on the workmen. The learned Advocate for the Company had also pointed out that apart from the enjoyment of leave and holiday facilities, there is also some instance where workmen had been retired previously in accordance with the standing orders. The evidence of O.P.W. 1 certainly show that some persons have been so retired but the evidence is not definite enough specially as the service records and other documents showing the retirement of other old employees, had not been produced. I therefore do not place any reliance on the evidence of O.P.W. 1 and I am therefore unable to accept that in accordance with the standing orders, there had been retirement previously of some workmen. Even if it be supposed that some workmen had been retired previously on the completion of 55th year, I do not think it can be said that the workmen as a whole and particularly these workmen had accepted the condition that they are bound to retire on the completion of the 55th year in accordance with the certified standing orders. But whether they did so or not, the very fact as mentioned above, that they did not raise any dispute previously and did not file any appeal to the Appellate Authority, and did not seek modification of this standing order appears to me to show that they had accepted the certified standing orders as the condition of serice. Therefore, nothing would turn on the fact that these 8 employees get their employments before the standing orders were certified in 1952.

The next question now is whether there has really been termination of service in accordance with the certified standing orders. As I have mentioned earlier, this question, strictly speaking, does not arise in the case of the first group of five workmen. But as the evidence with regard to both the groups is more or less same and as the learned Advocates appearing for both the parties had made their submission, I shall record my finding. It is undisputed that the Company gave notice to these eight workmen intimating that they are to retire on the ground of superannuation with effect from 1st April 1963 (Exts. A, A-1, evidence of P.Ws. 1,2,3,4, and 5). It further appears that thereafter the workmen made entreaties and wanted the management had allowed them to continue to work for some more time. Thereafter the management had issued another notice (Ext. A-2 and B) asking seven workmen named Tarapada, Jatin, Ramraj, Sadhu Ahir, Panchanan, Dhama Dhana Ahir, and Thakur Din to retire with effect from 1st September 1963. The Company also asked Shri Sarat Ghose to retire with effect from 1st December 1963. There is also the letter (Ext. F) on the Union in which it has been stated that Tarapada and others had served the management from 20 years to 55 years, but there was no provision for retiral benefits and gratuity. There was demand for payment of gratuity of one month of basic pay for each year of service and actually the demand was for 15 months' pay as gratuity. There was no objection to the effect that those seven workmen excluding Sarat Ghose cannot be retired from service as they had entered the services of the Company earlier than the date when the certified standing orders were brought into force. On the side of the workemen, the relevant letters had been produced (Exts. 1 to 7). Exhibit 8 is a letter signed by the employees for reconsideration of the decision to retire on the ground of superannuation. Exhibit 9 is a letter from the Union in which it was pointed out that the age of retirement had been increased with regard to the State employees from 55 to 58 years. It would appear from the letters that it was accepted that all the concerned workmen had completed the age of 55 years. In fact, Ext. 10 appears to show that all the employees had completed the age of 55 years and that some of them were much more than 55 years of

age in 1963 when they were asked to retire. As I understand the learned Advocate appearing for the workmen, he did not himself dispute that the concerned workmen had completed the age of 55 years in 1963 when they were asked to retire. In the circumstances, it is not necessary for me to refer in detail to the evidence of P.Ws. 1 to 5. P.W. 1 had said that he is now 75 years of age ; P.W. 2 had said that he is now 79 years of age ; P.W. 3 had said that he is now 80 years of of age ; P.W. 4 had said that he is now 90 years of age and P.W. 5 had said that he is now 60 years of age. In the circumstances, it cannot be said that these workmen did not complete the age of 55 years at the time they were asked to retire on the ground of superannuation. It therefore appears to me that the services of all these workmen were duly and legally terminated in accordance with the certified standing orders, and therefore the termination of service was justified.

There has been some argument as to retiral benefit with regard to the first group of workmen, but the evidence as adduced on behalf of the workmen shows that there was no scheme for payment of gratuity and that some of the workmen had got their provident fund. In fact, the question of payment of gratuity was not seriously urged by Shri Roy appearing for the workmen. Shri Roy, however, had argued that these workmen had been really retrenched and therefore they are entitled to compensation under section 25F of the Industrial Disputes Act. I do not think this argument can be accepted. It has been provided in section 2 (oo) that retrenchment means termination by the employer of the service of a workman for any reason whatsoever, otherwise than as a punishment inflicted by way of disciplinary action, but does not include (a) voluntary retirement of workman, or (b) retirement of workman on reaching the age of superannuation if the contract of employment between the employer and the workman contains provision in that behalf, or (c) termination of the service of workman on the ground of continued ill-health. It appears that where a workman is retired on reaching the age of superannuation in accordance with the statutory condition of service as embodied in the certified standing orders, there is no question of retrenchment and consequently there is no question of payment of any retrenchment compensation by the employer. I therefore cannot accept the submission of Shri Roy that there had been retrenchment of the concerned workmen and that the concerned workmen or any of them is entitled to get any retrenchment compensation. I therefore have come to the conclusion that the concerned workmen are not entitled to get any relief.

This is my award.

## AWARD

The Government of West Bengal, by Order No. 1466-I.R./IR/10L-43/64, dated the 15th April 1964, has referred the following industrial dispute between Messrs. Kedarnath Purushottamdas (P) Ltd., and their workmen represented by Iron & Steel Workmen's Union, to this Tribunal for adjudication.

### Issue

Whether the termination of services of Sarbasree Sachindranath Mondal, Tribhuban Pathak, Brahmadeo Lall, Kishori Mohan Dey and Manindranath Rai is justified? To what relief, if any, are they entitled?

After the service of the usual notices, the Union through the Vice-President Shri Santosh Ganguly, had filed the written statement on behalf of the workmen and the company had also filed its written statement. In the written statement filed on behalf of the Union, it has been stated that all the workmen mentioned in the order of reference are workmen of the company, that Shri Sachindra Mondal, who was servicing as a tool mistry of the company was suddenly

directed verbally not to attend to his duties on and from the 3rd November 1963, that Tribhuban Pathak who was serving as a durwan was similarly directed not to attend to his duty on and from 20th October 1963, that Brahmodeo Lal who was serving as a workmen had been granted leave for 3 weeks from the 13th July 1963, and came back on 3rd August 1963, that he was asked to wait, that though he had attended daily, he was not allowed to resume his duties, that Kishori Mohon Dey was asked to sit down from the 11th August 1963, that though he had daily attended to the gate, he was not allowed to resume his duty and that Manindranath Rai was suddenly directed not to attend to his duty on and from the 11th December 1963. These workmen were not given any written notice either regarding dismissal or regarding lay-off. Representation was made to the Labour Directorate, Howrah and several joint conferences were called, but none attended on behalf of the company. In the circumstances, it is prayed that these workmen may be reinstated in service with full compensation for the period of forced unemployment.

In the written statement filed by the company it has been stated that the union does not represent any workmen of the company and has no locus standi to sponsor any dispute in respect of the workmen of the company and that the alleged dispute cannot be an industrial dispute, unless the workmen of the company or the union representing the workmen of the company has not raised that dispute. Besides this preliminary objection it has been stated that the company was never called by the Labour Commissioner in respect of any conciliation and had therefore no opportunity to represent their views. The company does not dispute that these 5 workmen are the workmen of the company, but alleges that these workmen remained absent from their duties and did not return to their duties and therefore the company came to the comclusion that these workmen were no longer interested in their service under the company, and accordingly, the name had been struck off from the rolls of the register and their services stand terminated. With regard to Brahmadeo Lall, it is stated that he was granted leave, but he never returned from the leave, and, therefore, the Company came to the conclusion that he was no longer interested in his service, and accordingly, his name had been struck off. The workmen, therefore, are not entitled to get any relief.

**Findings**

Before I proceed to consider the question whether the five workmen had absented themselves from their duties without any authority or leave, and whether in such circumstances, their services were terminated as contended on behalf of the company, it is necessary to decide the preliminary objection which has been raised before me by the learned Advocate appearing for the company. The substance of the argument of the learned Advocate for the company is that three is no industrial dispute, and therefore, the industrial tribunal cannot adjudicate on the question whether the services of the concerned workmen came to an end or not. Before discussing the evidence bearing on the priliminary objection, it is necessary to refer to certain rulings to which my attention has been drawn by the learned Advocates for the workmen and the company. The learned Advocate for the company had referred me to the rulings reported in 1956(I) L.L.J., 489 (Murugappa Mudaliar vs. Raja Mudaliar), 1956(I) L.L.J., 95 (Nelli Cotton Mills vs. Labour Court, Madras). It has been laid down that the workmen supporting the dispute must be workmen of the employer concerned at the date of the reference and that they should have a direct and substantital interest in the dispute raised. In the first case, it was held also that the union consisting of workmen having no interest in the dispute between the employer and its only employee cannot convert the dispute into industrial dispute. In the other case, it was pointed out by his Lordship that the mere fact that a substantial number of workmen from the establishment in which the concerned workmen was employed were also members of the union, would not by itself be convert an individual dispute into an industrial dispute and it must further be shown that they participated in or acted to gather and arrived at a understanding by resolution or by other means and collectively supported at the date of reference the demand or cause of the individual workmen. It appears to me that it is unnecessary to refer to the various authorities to which my attention has been drawn, because it is well settled that a dispute becomes an industrial dispute when it is sponsored by the union or supported by any group of workmen [A.I.R. 1957 S.C., 164= 1957(I) L.L.J., 27—C.P.T. Services vs. R. G. Patwardhan], A.I.R. 1957 S.C., 532=1957 (II) L.L.J.,1-Newspaper Ltd. vs. S.I. Tribunal, U.P.). In the latest case reported in 1965 (I) L.L.J., Notes XV to XVII (workmen vs. Dharam Pal Premchand) their Lordships of the Supreme Court had held that a dispute raised by dismissed employee cannot become an industrial dispute unless it is supported by his union, or in the absence of union, by number of workmen. In that case 18 out of 45 employees in a Commercial, Establishment were members of the Mercantile Association Delhi, where membership was not confined to that establishment only. The 18 workmen who were members of that union were all dismissed from service by the employer and the dispute was raised by the union of which the dismissed workmen were the members. In the industrial tribunal the preliminary objection was raised as to whether that union could represent the workmen, and convert the dispute into industrial dispute. The preliminary objection was upheld by the tribunal. Their Lordships of the Supreme Court held that the reference at the instance of that unicn is valid. Their Lordships had pointed out that where there was no union of the workmen of a particular establishment, they might be members of a union provided that the workmen who are members of that union are workmen of establishments relating to the same industry. Their Lordships had also discussed section 36 of the Industrial Disputes Act regarding representation of the workmen by the union. Therefore, it appears that where there is no union of the workmen of a particular estabishment, the workmen can become the members of another union whose membership is not restricted to the workmen of a particular establishment. The workmen, however, who were members of that union, must be workmen of the same industry.

I shall now proceed to discuss the facts and circumstances of the present case in order to find out whether the present dispute can really be regarded to be an industrial dispute. It is not disputed that

there is no separate union of the workmen employed by the employer Messrs. Kedarnath Purushottamdas (P) Ltd., except one formed recently. The learned Advocate for the company had argued that as there is no such union, the alleged dispute could have been sponsored by other workmen who are working under the company. As the other workmen had not raised any dispute, the dispute cannot be regarded to be industrial dispute. It appears to me that this argument of the learned Advocate for the company cannot be accepted. It would appear from the evidence of O.P.W.2—Purusottam Sharma who is the Manager of the company that the total number of workmen in the various departments of the company varies between 70 to 80, and that sometime the number falls to 40. O.P.W.2 had also stated that there is a union called Kedarnath Purushottamdas Workers' Union which was formed either in January or February 1964, that nearly all the workers of the factory are members of that union and that some of the workers are also members of the Iron & Steel Workmen's Union. Regarding the other union mentioned by O.P.W.2 there is no allegation in the written statement filed on behalf of the company that there is really any union restricted to the workers of the establishment of the company. There is also no suggestion to P.Ws. 1 to 6 that there is really another union whose membership is restricted to the workmen employed by the company. Therefore, the evidence of O.P.W.2 in this regard cannot be accepted. In fact, the learned Advocate for the company did not place any reliance on the evidence of O.P.W.2 in this regard. As I have mentioned earlier, he had argued that even if there was no union whose membership is restricted to the workers of the company, still the dispute might have been raised by other workers and the Iron and Steel Workmen's Union has no locus standi to sponsor the dispute. I am unable to agree with the learned Advocate. Even from the evidence of O.P.W.2 it would appear that at least some of the workers are members of the Iron and Steel Workmen's Union. The evidence of P.Ws.1 to 6 shows that some 80/85 workers employed by the company are members of that union. It was urged that the membership register had not been produced and the subscription register had also not been produced to show how many workmen are really members of that union. It is true that these documents had not been produced, but I have no reason for not accepting the evidence of P.Ws.1 to 6 that a good number of workmen are members of the Iron and Steel Workmen's Union. The question now is whether the Iron and Steel Workmen's Union can sponsor the dispute. It was urged by the learned Advocate for the company that even if considerable number of workers are members of that union, still the union cannot sponsor the dispute unless the union is authorised by resolution or otherwise to do so. There is, of course, no resolution and it is not known whether any resolution was at all passed, but resolution is not the only way of authorising the union to sponsor the dispute. In the present case, there is a petition signed by various workers (Ext. A), dated the 12th December 1963, which is addressed to the President of the Iron and Steel Workmen's Union. The workmen had prayed that necessary action may be taken regarding the dismissal of these 5 workmen. Beside the concerned workmen named in the order of reference, P.W.6 Ram Ekbal Singh whose signature also appears in Ext. A, has given evidence and had stated that there was a committee meeting at first, and subsequently, he and others had appended their signatures to the petition and that the petition was submitted so that the case might be filed on behalf of the discharged workmen. It is true that he is ignorant of Bengali, but he says that there was the meeting, that the contents of the petition was read over and explained and thereafter the signatures were given. There is also some evidence to show that there were 4 meetings, which the workmen and the union representatives had attended, but in which none appeared on behalf of the company. It therefore appears to me to be abundantly clear that the workmen as a body had supported the case of the workmen whose names appear in the order of reference, and that the Iron and Steel Workmen's Union was really authorised to sponsor the dispute on behalf of the concerned workmen I have therefore come to the conclusion that the dispute is really an industrial dispute and not an individual dispute, as contended by the learned lawyer appearing for the company. The preliminary objection is therefore over-ruled.

I shall now turn to discuss the evidence regarding the merits. Before discussing the case of each workman mentioned in the order of reference, I shall notice a submission which has been made by Shri Mukherjee appearing for the company. Shri Mukherjee had urged that the termination of service means putting an end to the relationship of master and servant and that the evidence of P.Ws.1 to 6 is that the concerned workmen had been refused employment. His argument was that the refusal of employment may amount to lay-off or lock-out and cannot be regarded to be termination of service. In this connection, the learned lawyer Shri Mukherjee had referred to the definition of lock-out in section 2(1) of the Industrial Disputes Act. The definition says that lock-out means the closing of a place of employment, or the suspension of work or the refusal by the employer to continue to employ a number of persons employed by him. It is also necessary to refer to the definition of lay-off under section 2(kkk) of Act. It has been provided that lay-off means the failure, refusal or inability of an employer on account of the shortage of coal, power or raw materials, or the accumulation of stock, or the break-down of machinery, or for any other reason to give employment to a workmen whose name is borne on the master roll of his industrial establishment and who has not been retrenched. I do not see how the alleged refusal of employment of the concerned workmen can really be regarded to be lay-off, because the alleged refusal is not on account of the grounds mentioned in the section itself. It is true that the expression "for any other reasons" had been used in section 2(kkk) of the Act, but it appears from the rulings reported in A.I.R. 1960 S.C., 893=1960 (II) L.L.J., 275 that the expression "for any other reasons" means reasons similar to the other reasons mentioned in the section itself. With regard to the question whether there is really termination of service or a lock-out, the substance of the matter has to be looked into and if the action of the management amounts to termination of employment, it is not a lock-out—1952 L.A.C., 219, A.I.R., 1957 S.C., 82=1957 (I) L.L.J., 17, A.I.R., 1958 S.C., 130=1958(I) L.L.J., 260. It appears to me that merely because the witnesses P.Ws. 1 to 6 had stated that there was refusal of employment of the concerned workmen by the management, it cannot be said that the services

of the concerned workmen are still continuing and had not really been terminated and that this is really a case of lock-out and not a case of dismissal, or termination of service. I would point out also that in the written statement which has been filed on behalf of the employer it has not been stated that there had really been no termination of service and that the allegation on behalf of the workmen really amounts to a lock-out. It is undisputed that in a lock-out the relationship of master and servant does not come to an end. The learned lawyer appearing for the workmen had also drawn my attention to paragraphs 4 and 5 of the written statement on behalf of the company in which it has been clearly stated that the services of the concerned workmen stand terminated. In these paragraphs of the written statement, it has been stated that the services of the concerned workmen stood terminated, because of the long absence the employer has presumed that the concerned workmen were no longer interested in their services that termination is certainly different from the termination on account of the dismissal. But that at any rate shows that so far as the employer was concerned there cannot be any question of lock-out. It appears from the evidence of P.Ws.1 to 6 that the employer had regarded that the services had already come to an end and therefore there was no question of giving further work to these concerned workmen. As this is a question of termination of service, I do not think the argument of the learned lawyer Shri Mukherjee that the alleged refusal of employment really amounts to lock-out can be accepted. This contention is also over-ruled.

I shall now take up for consideration the case of each concerned workman. So far as Shri Sachin Mondal is concerned, it appears that he has not been examined to say that while he was working as a tool mistry, he was suddenly directed verbally not to attend to his duty on and from the 3rd November 1963. P.W.1 Santosh Ganguly who is the Vice-President of the union had stated that Sachin Mondal came to him sometime in October-November 1963 and he wrote out a letter to be given to the Manager and Sachin Mondal gave that letter to the Manager. His further evidence is that Sachin Modanl complained to him that he had been refused employment on that particular date. Obviously the evidence of P.W.1 cannot be accepted in the absence of the evidence of Sachin Mondal. It is also not clear why the case of Sachin Mondal was not taken up in November 1963 by the union if he was really dismissed wrongfully and illegally by the company at that time. P.W.2 Brahmadeo Lall had not said anything regarding Sachin Mondal. P.W.3 Manindra Rai had stated in cross-examination that he cannot remember the date when Sachin Mondal was prevailed upon on one day to take his weekly wages before going away. The payment of wages register (Ext. D-16) shows that Sachin Mondal had worked up to 30th or 31st July 1963, and that his name does not appear thereafter in that register. The evidence of P.W.3 does not show that Sachin Mondal had actually worked up to 2nd November 1963, as stated in paragraph 3 of the written statement filed by the union. P.W.4 Kishori Mohon Dey has not said anything regarding the alleged refusal of employment to Sachin Mondal. The only thing that appears from his evidence is that Sachin Mondal used to work in the same department where he worked. He had then corrected himself and said that Sachin Mondal used to work in the tools department. P.W.5 Raghunath Jadav had not said anything about Sachin. P.W.6 had stated that Sachin Mondal worked as a fitter and that as he was a member of the union, he was prevented by the company and was discharged in November 1963. In view of the entries in the payment of wages register the evidence of P.W.6 regarding the alleged discharge of Sachin Mondal in November 1963 can hardly be accepted. On behalf of the employer, O.P.W.1, Shri Nirmal Kundu had said that Sachin Mondal had given up his job of his own accord and had gone away, but without looking into the records, he was unable to give the date when Sachin Mondal had given up his job. The learned lawyer appearing for the workmen had pointed that in the written statement filed on behalf of the company, it has not been definitely stated when Sachin Mondal or the other concerned workmen did not attend to their duties. It is true that the particular dates had not been mentioned in the written statement, but in view of the entry in the payment of wages register, and in view of the absence of evidence of Sachin Mondal, I do not think anything really turns on the non-mentioning of the particular dates when the concerned workmen had given up their work. At the time of cross-examination, O.P.W.1 had said that Sachin Mondal worked in the tools department and the Manager noted that he had left as he had not come to work to do the work and that no intimation was sent to Sachin Mondal. O.P.W.2 who is the Manager had said that Sachin Mondal had worked up to 31st July 1963 and had left thereafter, that the figure '8' appearing on 31st July 1963 indicates that Sachin Mondal had worked for 8 hours on that day, that there was no subsequent entry regarding him in the attendance register, that he was paid Rs. 20-6 in the week ending 3rd August 1963 and that the actual date of payment cannot be found out. The attendance register (Ext. C.4) shows that Sachin Mondal only worked up to 31st July 1963. O.P.W.2 had also denied that Sachin Mondal had worked till 3rd November 1963 and thereafter he was prevented from working. It appears to me that there is no cogent reason for not accepting the evidence of O.P.W.2 who is the factory Manager, specially as the evidence is supported by the documentary evidence which I have referred to above, and specially as Sachin Mondal himself had not been examined to say that he had worked up to 2nd or 3rd November 1963. It appears to me to be clear from the facts and circumstances which I have mentioned above that Sachin Mondal had left his job after taking money on 31st July 1963 and that he was not in employment from August 1963. Therefore, so far as he is concerned, there is no question of any wrongful termination of service on 3rd November 1963. In view of the long absence of Sachin Mondal, the employer is justified in thinking that Sachin Mondal has left his job of his own accord and had thereby terminated the relationship of master and servant.

I shall now take up the case of the concerned workman Tribhuban Pathak. He has also not been examined in this case to say that he was really prevented from working on and from 21st October 1963. However, it was not disputed on behalf of the company that Tribhuban Pathak who was really the durwan worked up to 21st October 1963. There is, therefore, no difference as to the date up to which Tribhuban Pathak had worked as a durwan under the company. There

is, however, no cogent and reliable evidence to show that Tribhuban Pathak had really been dismissed thereafter. P.W.1 had said that Tribhuban Pathak informed him in the evening of 21st October 1963, that he had been refused employment on that very day, and that accordingly he had written a letter and had asked Tribhuban Pathak to sign it before making it over to the Manager. There is no receipt to show that the letter was made over to the Manager and there is also no copy of the letter alleged to have been signed by Tribhuban Pathak. P.W.2 Shri Brahmadeo Lall and P.W.3 Shri Manindranath Rai had not said anything regarding the alleged dismissal of Tribhuban Pathak on 21st October 1963. There is also nothing in particular in the evidence of P.Ws.4 to 6 regarding Tribhuban Pathak. On the side of the employer, O.P.W.1 had said that Sri Tribhuban Pathak had given up the job of his own accord and had gone away. At the time of cross-examination, O.P.W.1 had said that if any worker leaves without any intimation to the employer, no letter is given to any worker enquiring about the reasons why he is not coming back and that the attendance register would show whether any person is present or absent or has gone or leave. O.P.W. 2 who is the factory Manager had said that Tribhuban Pathak had only worked up to 21st October 1963, and did not attend after 21st October 1963, for the purpose of working and that he had started working only in September 1963. It is his further evidence that Tribhuban Pathak had left saying that he had got another job. It would appear that there has been no serious cross-examination of O.P.W.2 by the learned Advocate appearing for the workmen. The only suggestion in cross-examination is that Tribhuban Pathak was prevented from working after 21st October 1963, and O.P.W.2 had denied that suggestion. It appears that the attendance register in the particular case, though filed, had not been proved by the employer. However, the facts and circumstances which I have discussed above would show that Tribhuban Pathak had left his job of his own accord after working up to 21st October 1963. I have already pointed out that he had himself not been examined to say that he had been really prevented from working after 21st October 1963 by the Manager. Of course, in the letter (Ext. 2-A) there is a reference to Tribhuban Pathak having been suddenly dismissed on 21st October 1963 but the evidence regarding the alleged sudden dismissal is lacking. I have, therefore, come to the conclusion that Tribhuban Pathak had left the job of his own accord after working up to 21st October 1963 and there was no dismissal at all so far as he is concerned by the company.

I shall now take up the case of Brahmadeo Lall. So far he is concerned, the learned Advocate who has appeared for the Company told me that there has been a mistake in the written statement which had been put in one behalf of the company. The learned Advocate told me that actually no leave was granted to Brahmadeo Lall and that he had actually left service of the company on 29th May 1962. However, according to the written statement filed by the union, Brahmadeo Lall had been granted leave for 3 weeks from the 13th July 1963 and was not allowed to join when he came back on the expiry of the leave on 3rd August 1963. Therefore, according to the case of the workman Brahmadeo Lall was in service for more than one year since the date when he is alleged to have given up his service of his own accord. The evidence of P.W.1 is that Brahmadeo Lall came to him and reported at the union office, that he had gone on leave on 13th July 1963, and came back from leave on the 2nd or 3rd of August 1963, but he was not allowed to resume his duties, and that he was, after two days, refused employment His further evidence is that he thereafter wrote a letter and asked Brahmadeo Lall to sign it and give that letter to the Manager. There is discrepancy between the evidence of P.W.I and P.W.2—Brahmadeo Lall. Brahmadeo Lall had said that he had filed an application for leave and after obtaining leave for 3 weeks, he had went home and came back on 3rd August 1963. His further evidence is that he was not allowed to join his duty on 3rd August, 1963, that he had gone to the company on several days, but was asked to come on the following day, that after about 10 days, he had informed the union regarding this matter, that he himself had written a letter after 4/5 days and made over that letter to the company for giving him employment and that some 8/10 days later, he had met Santosh Babu (P.W.1), and Santosh Babu had written a letter and that he had not received any reply to the two letters which were given to the company. The learned Advocate appearing for the workman could not reconcile the discrepancy in the evidence of P.W.1 and P.W.2. The evidence of P.W.2 in cross-examination is that he may have signed some khata in 1962 and that there are actually more than one Hazira Khatas and that the signatures in the entries of the register of wages from August, 1961 to May 1962 are his. His further evidence is that the entries in the Hazira Book correspond to the entries in the register of wages. The Hazira Book or attendance register (Ext. C-2), shows that he actually worked up to 29th of May 1962 and the register of wages (Ext. D-9) shows that he received the wage for one day in the week ending 2nd June 1962. The entries in these registers certainly support the contention of the employer. The register of wages would show that the name of Brahmadeo Lall do not appear in the entries of the subsequent months of 1962. It also appears from the evidence of P.W.2 that Brahmadeo Lall is working elsewhere. It was suggested to him that the had never been out of employment and had worked at different places after 29th of May 1962, but Brahmadeo Lall had denied that suggestion. The learned lawyer appearing for the workmen had pointed that O.P.W.2 had admitted in cross-examination that the name of Brahmadeo Lall appears in the register from August 1957 till 1960, that his name does not appear in the entries from January to June 1961 and that the name again appears from the entry from July 1961. This at best would show that Brahmadeo Lall did not work continuously and had worked from time to time. This certainly cannot show that the registers which I have mentioned above were not kept in due course of business. The learned lawyer appearing for the workmen also relied on the evidence of P.W.3 Shri Manindra Rai who said that Brahmadeo Lall was in service for 2 years before he had joined in this factory and had worked till 1963. In view of what I have stated above, I do not think the evidence of P.W.3 regarding the period of service of Brahmadeo Lall can be accepted. It was next pointed out that O.P.W.2 had admitted that no leave register has been maintained in accordance with the Factories Act

My attention was drawn to Form No. 15 which is a register of leave with wages prescribed under the Factories Act. My attention was also drawn to Rules 88 and 89 regarding the maintenance of the leave with wages register and the leave book. It might be that those provisions are not complied with, but in this reference we are not concerned with the question whether the provisions of the Factories Act regarding the maintenance of the leave register and the giving of leave book to the workmen had been complied with. Apparently the workers made no grievance to the fact that the leave book had not been supplied. It is not the evidence of Brahmadeo Lall that he had asked for the leave book and O.P.W.2 had refused to give him. There was a suggestion that if the rules had been complied with, the workman Brahmadeo Lall could have shown that actually he was granted leave and had gone on leave for 3 weeks. The alleged leave application had not been called for from the employer and according to the evidence of O P Ws.1 and 2, the leave is orally applied for and orally granted if asked for. In my opinion, there is no cogent and reliable evidence to show that really Brahmadeo Lall was in service up to 13th July 1963 and had gone on leave for 3 weeks. Of course, there is also the evidence of P.W.4 regarding the leave of Brahmadeo Lall and regarding the refusal of employment after he had returned from the leave. But the evidence, for the reasons explained above, cannot be accepted. P.W 5 had also given evidence in this matter. But he had also said that Brahmadeo Lal lost his job on 13th August 1963. This date roughly correspond to the date spoken of by Brahmadeo Lal himself. P.W.6 had also given similar evidence. I do not think, for the reasons which I have explained, that his evidence regarding the period of service of Brahmadeo Lall or regarding his going on leave or regarding his ultimate discharge, can be accepted. O P.W 1 had said that Brahmadeo Lall had given up his job of his own accord. O.P.W.2 had said that Brahmadeo Lall did not apply for any leave and had only worked up to 29th May 1962 and had not worked thereafter, and that what has been stated in the written statement regarding him is wrong. There is nothing in the cross-examination which would show that the evidence of O.P.W.2 cannot be accepted. O. P.W.2 was not asked about the 2 letters which Brahmadeo Lall is alleged to have given to the company after his return from the leave. Incidentally, it may be pointed out that in the letter Ext 2-A, it has been stated that Brahmadeo Lall had been laid off, but no compensation had been paid, though asked for. It has not been stated that Brahmadeo Lall had been dismissed from service. If Brahmadeo Lall was really laid off, or really dismissed on or about 13th August 1963, there is no reason why his case was not taken up earlier by the union. The date of the letter (Ext. 2-A) is 12th November 1963. In my opinion, there is no cogent and reliable evidence to show that Brahmadeo Lall was in service at all in 1963 under the company. It appears to me that he had given up his job under the company after the 29th of May 1962 and gone away of his own accord. The allegation of dismissal, or even the allegation of lay-off of Brahmadeo Lall had not been substantiated.

I shall now turn to discuss the case of Shri Kishori Mohan Dey. He has been examined in this case as P.W.4. His evidence is that he had served under the company till August, 1961 and that he lost his job on 11th August 1963 and that on 11th August 1963 he had gone to the union and Santosh Babu had written out a letter which he had signed and had made over to the company on 12th August 1963. His further evidence is that the company did not grant any receipt for the letter. In fact the company never grants any receipt for the letters made over by the workers and that he had gone to the company five or six times, and each time he was asked to go later. At the time of cross-examination he had said that he had joined in October 1961 and had obtained his wages by signing the register in November and December 1961. He was signed the khata showing the entries for November and December 1961 and after searching the pages he was unable to find his own signatures in any of the pages. The register of wages (Ext. D-7) does not show his name and the register of attendance (Ext. C-2) only shows that his name appeared for the first time in July 1962 (the number of the Insurance Card is 425853). It may be mentioned here that Ext. C-2 further shows that the full name 'Kishori Mohon Dey' appears for the first time from November 1962 and that previously the name was only written as 'Kishori Mohon'. The name of Kishori Mohon Dey also appears in the attendance register (Ext. C-3). The register (Ext. C-4) does not show his name. This is somewhat strange, because it is a case of the company that Kishori Mohon Dey had worked up to 21st July 1963 and then left the service of his own accord. However, the register of wages (Ext. D-16) shows that Kishori Mohon Dey only worked for one day in the week beginning from 27th January 1963 to 27th July 1963 and had actually received the payment of the wage of one day after the deduction of insurance contribution. The signature 'Kishori Mohon' is admitted by him and has been marked Ext. B-17. He has also admitted in his cross-examination that he has received Rs. 2.50 paise. He has also stated that it might be that out of the total daily wage of Rs. 2'14/- annas, six annas has been deducted on account of the State Insurance. P.W.4 has further admitted his own signature (Ext. B-18) in the week from 14th July 1963 to 20th July 1963. This shows that a sum of Rs. 11.11 paise had been paid to him on account of wages for that period. In view of these facts and circumstances, I do not think the evidence of P.W.4 that he had worked up to 11th August 1963 can be accepted. His evidence also regarding the writing of the letter and the making over of the letter in August 1963 cannot be accepted. I do not think that his evidence that sometimes the Asstt. Manager had noted the attendance in blank papers can be accepted in view of the attendance registers which had been produced before me on behalf of the Company. The only other evidence is the evidence of P.W.3 Manindra Nath Rai and P.W.5 Raghu Nath Yadav. P W.3 had said that he had only heard from Kishory Dey that he one day called in the office and was told that there was no further service for him and he cannot work any further. P.W.3 has not mentioned the time when he heard from Kishori Dey. In my opinion, no reliance can be placed on the evidence of P.W 3. P.W.5 had said that he himself had lost his job on 13th August 1963 and Kishori Dey had lost his job about 2 weeks later in that month. This is contrary to the evidence of P.W.4 that he had lost his job on 11th August 1963. It is true that the letter (Ext 2-A) shows that Kishori Mohon was verbally

called upon to sit down from 11th August 1963 and was asked to wait but in view of the facts and circumstances mentioned above. I do not think his evidence can be accepted. O.P.W.1 had stated that Kishori Dey had given up the job of his own accord P.W.2 had also stated that Kishori Mohon left his job of his own accord and that no letter was given to him on 12th August 1963. At the time of cross-examination O.P.W.2 had said that Kishori Mohon had been working from July 1962, that in April 1963, 163 workers had worked as would appear from the attendance register that all the 163 workers had not been paid each week and that the workers are paid according to the work done. There is nothing in the cross-examination of O.P.W.2 which would show that his evidence cannot be accepted Before I conclude the discussion, I would point out that P.W.4 had admitted that he was employed by a Thikadar some days after 11th August 1963. It would appear that actually Kishori Dey had left the job after securing an employment elsewhere. I have therefore come to the conclusion that Kishori Dey was not dismissed from service and was also not refused employment as alleged on behalf of the workman and that he had left his job of his own accord after working on 21st July 1963

I shall now turn to discuss the case of the other workman named Manindranath Rai. According to the case in the written statement of the workmen, Manindra Rai was asked not to attend to his duties on and from 11th December 1963. According to the employer Manindra Rai gave up his work after working on 29th September 1963. P. W 3 Manindra Rai had said that he had worked for 2 hours on 11th December 1963 and then was called by the Malik and was asked whether he was a member of the union, and that when he said that he was a member, the Malik informed him that Manindra Rai could not be employed there and he must talk to the union. It is his further evidence that he met Santosh Babu at about 7 or 7-30 p.m. on that day and Santosh Babu had written the letter and that on the following day after signing the letter, he had made it over to the Malik. At the time of cross-examination P. W. 3 had said that he had got his wages up to 6th December 1963 but did not sign any khata in acknowledgement of the payment made to him and that he may have sign slips at the time of receiving the payment of wages. The register of wages (Ext. D-16) shows that Manindra Rai whose insurance card No. is 962939 had received payment up to 28th September 1963 and his name does not appear thereafter. The attendance register (Ext. C-1) shows that Manindra Rai had worked up to 29th September 1963 and had then left. It may be mentioned here that the insurance card no. has been mentioned as 962037 in some entries and as 962939 in some other entries. However that may be, it appears that Manindra Rai had admitted his signatures (Exts. A and A-1) in the register of wages for the period from 23rd December 1962 to 29th December 1962 and for the period from 20th January 1963 to 26th January 1963, and that he had admitted that in 1961 and 1962 he had signed the khatas before receiving the payments. It appears to me that there is no reliable and cogent evidence to show that Manindra Rai had worked in the factory under the company after 29th September 1963 In the circumstances, I cannot accept his evidence about the writing of the letter on 11th December 1963 and the making over of that letter on 12th December 1963. The only other relevant evidence are the letters (Exts 2 and 3-C) In the letter (Ext. 2) it has been stated by the union that since the management came to know of the membership of the union of Manindra Rai, it began to thereaten him with dismissal and this threatening was overt and that suddenly on 11th December 1963 he was directed not to attend to his duties and was informed that with effect from that date he would not be allowed to work under the company. Manindara Rai had not said anything about the prior threat by the management. It also appears that whereas Manindra Rai had said that he had worked for 2 hours on 11th December 1963 the letter does not show that Manindra Rai was called after part of the work done on that day. Ext. 3-C is the letter of the Labour Officer, Howrah, for a joint conference. By that letter the union's letter, dated 13th December 1963 (Ext. 2) and the union's letter, dated 28th November 1963 were sent for comments. The letter, dated 28th November 1963 had not been put in by the union itself. I do not think that the evidence which have been discussed above would really show that Manindra Rai had actually worked after 29th September 1963 and was really refused employment on 11th December 1963. Regarding Manindra Rai O. P. W. 1 had said that he had left the service of his own accord. This is also the evidence of O. P. W. 2. It is true that O. P. W. 2 had said in cross-examination that the name of Manindra Rai appears in the entries of June 1958, that his name does not appear in the register from December 1960 till June 1961, that his name appears in the register for July 1961, that his name does not appear in the register again from July 1962 till November 1962 and that his name appears in the register from December It was sought to be argued that the registers had not been properly maintained. Therefore, not much reliance ought to be placed on the entries made in these registers. I shall discuss later on the question whether the registers had been properly maintained and also the other question as to whether the attendance was noted on plain paper and whether the receipts were sometimes obtained in slips or vouchers. At this stage I would only point out that neither in the written statement, nor at the time of evidence, it has been stated that P W 3 Manindra Rai had been working continously from 1958. It appears to me on a consideration of the evidence and the facts and circumstances that Manindra Rai had left his job of his own accord after working on 29th September 1963 and that there was no dismissal or refusal of employment on 11th December, 1963.

I shall now shortly consider the allegation regarding the registers wich I have mentioned above. The evidence of P. Ws. 2 to 6 shows that sometimes the receipts of payments were obtained in slips or vouchers and sometimes the receipts were granted in the regular registers. The evidence further shows that sometimes the attendance was recorded on plain papers. I cannot accept this evidence in view of the voluminous documents which had been produced by the company. There are documentary evidences regarding the recording of the attendance, and also regarding payment of wages and these registers must be maintained in accordance with the provisions of the Factories Act. O.P. W. 2 had stoutly denied that any Kachha khata was ever maintained or that any payment had been made in vouchers or slips or that the attendance was recorded in plain paper. There is no sufficient reason for not

accepting his evidence. There are also contradictory evidence regarding the time when the Kachha khata and vouchers were prepared. In the circumstances I cannot accept the evidence of P. Ws. 2 to 6 on this score.

In view of my above findings, I do not think it can be said that these workmen had been discharged for their union activities. Regarding the membership of the union, the membership register had been withheld and the concerned workmen had also not filed the receipts showing the payment of the union subscriptions. But even supposing that the concerned workmen are really members of the union, it appears to me that there is no sufficient reason why only 5 workmen should be singled out for the alleged dismissal for their alleged union activities. As I have mentioned above, there has really been no dismissal of these five concerned workmen; I have therefore come to the conclusion that there has been no dismissal for the alleged union activities as alleged or at all.

In view of my above findings, the concerned workmen are not entitled to get any relief. This is my award.

## AWARD

This dispute between Messrs. Hindusthan Refractories & Ceramics (Private) Ltd. and their workmen represented by Hindusthan Refractories Ceramics Shramik Union, Hattola Road, Durgapur (Burdwan), was referred to this Labour Court, under Section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, Labour Department, Order No. 3444-IR/11L-57/58, dated the 18th August 1958, for adjudication upon the issue reproduced below:

**Issue**

Is the discharge of the following workers justified? To what relief by way of reinstatement and/or compensation are they entitled to ?

(1) Shri Asoke Kumar Bhattacharjee.
(2) ,, Provash Chandra Digar.
(3) ,, Trilochan Goswami.
(4) ,, Ramkali Bagdi.
(5) ,, Baijnath Singh.
(6) ,, Das Munda.
(7) ,, Bechu Singh.
(8) ,, Baliram.
(9) ,, Mahavir.
(10) ,, Bishu Ram.
(11) ,, Ramji.
(12) ,, Chiranjilal.
(13) ,, Chitra Bhadur.
(14) ,, Rameswar Singh.
(15) ,, Shibram Paul.
(16) Srimati Jamuna Dasi.

Amongst the aforesaid 16 workers I need not consider in detail the case of Bechu Singh, Baliram, Mahavir, Bishu Ram, Ramji, Chiranjilal, Chitra Bhadur, Rameswar, Singh, and Shibram Paul and Srimati Jamuna Dasi (item no. 7 to 15) inasmuch as these workers so I am told have got no grievance at present against the Company, they being all employed and engaged in different establishments. I have heard Shri Maitra appearing for the company and I am satisfied to find from the facts and circumstances of the case as a whole that their discharge has been nothing illegal and unjustified. These nine persons, therefore, are not entitled to any relief whatsoever in my judgement.

The case of the seven contesting workers is however altogether different and I shall have to see now in the facts and circumstances disclosed in evidence on record as to whether their discharge was or was not justified and whether and to what extent they are entitled to the reliefs they have prayed for before this Court.

Before, however, I deal with the merits of each of the aforesaid 9 workers I think I should dispose of the two law points which were pressed before me by the learned lawyer Shri Maitra appearing for the company. Shri Maitra contended before me by inviting my attention to rule 4 of the Regulation of the Union that most of the workers having defaulted in the matter of payment of Union's subscription as per terms of the agreement between the Union on the one side and the workers on the other were not entitled to sue the Company in the garb of the Union's name. This contention of Shri Maitra has however no legal basis. The wordings used in Rule 4 show that the agreement was effected between the Union on the one side and its members on the other. The Company being a foreign party thereto has evidently no say in the matter. The right to seek protection in a court of law and equity is a right which has been vested by statute of law. Indeed it requires a very stringent or at least an expressed provision in law to debar a person from taking recourse to that statutory benefit. Shri Maitra, I am sorry to state, has not invited my attention to any express provision whereby the aggrieved workers can be placed out of Court altogether.

Secondly, Shri Maitra, contended that at any rate the Union ought to have filed the relevant registers in consonance with the order of the Hon'ble High Court. I have perused the order of the Hon'ble Court and I have satisfied myself to see that by filing the membership registers, the donation registers, the card register, etc., the Union substantially complied with the order of the Hon'ble Court. I may add in this connection that it is not the Company's case anywhere within the four corners of their written statement that any person out of the 16 workers is a fake personality. As a matter of fact the workers deposed before this Court and their names find place in the registers filed by the Union.

Now to come to the merits of the case. The Company's main grievance seems to have been directed against two persons, namely, Provash Chandra and Trilochan Goswami and so I take up their case here and now. In paragraph 12 of the written statement of the Company it has been adumberated that these two persons were discharged for their gross misconduct exhibited brutally on 25th December 1957 within the precincts of the Company's factory. To quote the words used therein thus "On 25th December 1957 at 8 a.m. they created a scene in front of the factory office shouted at the top of their voice by saying that unless three casual workers were removed, they will not allow other workmen to work and by threatening they stopped the work of the entire factory for about two hours." The Company wants to prove this allegation by citing and examining three of its witnesses O.P.W. 1 Shri Manick Chand Roy O.P.W. 2 Shri Biswanath Bhattacharjee and O.P.W. 3 Shri Satya Jyoti Bhowmic.

The latter two witnesses however never supported the story of written statement. Thus they never disclosed that Trilochan and Provash wanted to get rid of three casual workers. The further case of the Company as disclosed in the aforesaid para, is that in the domestic enquiry that followed soon after their guilt was established and proved and that they were discharged subsequently. This portion of the written statement also appears to me to be untrue for it would appear from the contents of Ext. 5 the letter of dismissal addressed to Provash that the incident occurred if at all on 27th December 1957 as alleged in the written statement. The relevant portion of Ext. 5 runs thus. "On 27th December 1957 at about 8 a.m. along with Shri Trilochan created a scene in front of the factory office shouting at the top of your voice that unless three casual workers were removed you would not allow any other persons to work." The contents of the dismissal letter addressed to Trilochan [vide Ext.4(a)] show that Trilochan was summarily dismissed and that no domestic enquiry could therefore be held in this case. It appears to me to be quite clear that no domestic enquiry whatsoever nothing of the sort did ever take place in connection with any of the seven workers in points. It is alleged by the Company in their written statement that the domestic enquiry was conducted by one Shri R. M. Thakur, the Manager of the Company (vide last but one sentence in cross examination of O. P. W.1). No attempt has been made whatsoever to bring this witness on the box. One Shri B. C. Chatterjee is alleged to have been the best witness of the occurrence. This B. C. Chatterjee was present within this Court room on 8th April 1965 (vide Company's petition filed on 4th May 1965). He was not examined. On 12th April 1965 the Company produced and examined two of its witnesses but the said Shri B. C. Chatterjee was never produced and the reason for this non-production is not far to seek. If that person would have been examined, perhaps he would have disclosed the defence case to be true.

The defence or better the Union's case is that all these workers were victimised for their trade union activities. All these workers deposed before this Court and it transpires from their evidence that their grievance is to a very great extent substantial. Shrimati Jamuna's case for example makes it quite clear that there was no good reason whatsoever for the Company for not allowing her to resume her duties after the expiry of her leave. Company's grievance is that along with her application for leave no medical certificate had been produced. Shrimati Jamuna's evidence however will show that the M. C. was produced and that she could not come because she had given birth to a child. Indeed it is strange that the Company would give maternity benefit but would deny at the same time maternity leave. I have accepted this part of the evidence of Shrimati Jamuna to be true because her evidence was never challenged far less successfully contradicted by any of the three witnesses of the Company.

The driving attitude of the Company came to be reflected also in its dealing with the other workers. Baijnath and Asoke for example were discharged on the false plea that they were inefficient. In the written statement the Company stated inter alia that these workmen were given many opportunities but in vain, that they were warned on repeated occasions with no fruitful result. This assertion of the written statement was never sought to be proved by an iota of documentary evidence on record. None of the three witnesses again dealt with this aspect of their inefficiency. Shri Maitra appearing for the Company contended before me that the Company got no opportunity for filing the requisite documents. This contention I am afraid is altogether baseless. It is true that on 8th April 1965 the Company wanted to prove certain documents and I disallowed

that prayer (vide ordersheet, dated 8th April 1965). Indeed, I was conscious of the fact that the Union had closed their evidence as early as on 27th April 1960 and that the Company took no step whatsoever for filing any chit in this court for long four years thereafter. Indeed, the Union was right when its leader grevelled against this conduct of the Company by characterising these paper as false and fabricated.

Ramkali's case is to a great extent analogous to if not identical with the aforesaid case of Asoke and Baijnath. Against Ramkali the principal allegation that has been jotted down in the written statement of the Company is that he had caused serious break-down and damage to one Disintregrator Machine with which he had been working as a feeder (vide paragraph 13 of the written statement). But this story as set up in the written statement was never sought to be proved in evidence during trial. The witnesses did not utter a single word against Ramkali nor the Disintregrator Machine was produced before this court for its perusal and satisfaction. Against Ramkali it is said a domestic enquiry had been conducted. But again the enquiry officer was not produced. The report of that officer also was not filed by the Company.

The alleged case against Das Munda is a case of retrenchment. Not a scrap of paper has been filed by the Company to prove that this worker was really retrenched, or that there was a necessaity for his retrenchment. No requisite retronchment notice was admittedly served upon Das Munda, nor one month's pay was given to any of the workers. The non-observance of all these recognised legal formalities or coverings has thus exposed the nakedness of the conduct of the company so much so that the conduct itself stands self-condemned. The reason behind all these irregularities is simply this that all the seven workers were hurriedly and summarily discharged by the Company for their union activities. I may mention in this connection that no charge sheet even was issued against Asoke, Baijnath, Das Munda and Sm. Jamuna Dasi. Considering all the facts and circumstances of the case and the evidence placed on both sides before me I hold that there was no justification whatsoever for the discharge of the seven contesting workers and their dismissal is thus not justified.

As to the reliefs admissible to these seven employees, namely, Asoke Kr. Bhattacharjee, Provash Chandra Digar, Trilochan Goswami, Ramkali Bagdi, Baijnath Singh, Das Munda and Srimati Jamuna Dasi, I do not see any reason as to why they should not get the normal relief of reinstatement with 30 per cent. of their back wages. I grant this percentage of wages considering the poor financial conditions of the Company as disclosed in the written statement and considering the overall facts and circumstances of the case and specially the fact of the long pendency of this case. Accordingly, I further award that the Company shall reinstate these seven workers to their former posts on their reporting for duty within 15 days from the publication of this award and the company shall further pay their unpaid back wages (to the extent of 30 per cent.)within a month from the publication of the award, subject to their reporting for and joining duty within 15 days from the publication of this award

**PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.**

## LOK SABHA

The following Bill was introduced in Lok Sabha on the 24th April, 1964:—

BILL No. 36 OF 1964

*A Bill further to amend the Constitution of India*

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:

Short title. 1. This Act may be called the Constitution (Eighteenth Amendment) Act, 1964.

Amendment of artical 359. 2. In article 359 of the Constitution,—

(a) after clause (1), the following clause shall be inserted, and shall be deemed always to have been inserted, namely:—

"(2) While an order made under clause (1) in relation to any of the rights conferred by Part III is in operation, nothing in that Part conferring those rights shall restrict the power of the State as defined in the said Part to make any law or to take any executive action which the State would but for the provisions contained in that Part be competent to make or to take, but any law so made shall, to the extent of the incompetency, cease to have effect as soon as the order aforesaid ceases to operate, except as respects things done or omitted to be done before the law so ceases to have effect.":

(b) the existing clauses (2) and (3) shall be re-numbered as clauses (3) and (4) respectively;

(c) in clause (3) as so re-numbered, after the words "the territory of India", the words "or may apply to all persons or any class of persons therein, and any such order may be made so as to be retrospective to any date not earlier than the date of the issue of the Proclamation" shall be inserted, and shall be deemed always to have been inserted.

## STATEMENT OF OBJECTS AND REASONS

When a Proclamation of Emergency is in operation, the President is empowered under article 359 of the Constitution to make an order suspending the right to move any court for the enforcement of such of the rights conferred by Part III as may be mentioned in that order. It was intended that the powers conferred by this article should be exercised during an emergency according to the needs of the situation. On the other hand, article 358 renders the provisions of article 19 automatically inoperative while the Proclamation of Emergency is in operation, and the power to make any law or to take any executive action is not restricted by the provisions of that article. The intention underlying article 359 appears to be that when an order is made under clause (1) of that article in relation to any of the rights conferred by Part III, the order so made would have the same effect in relation to those rights as article 358 has in relation to article 19. On account, however, of the difference in language between article 358 and article 359, doubts may arise as to the effect of an order made under article 359. The Bill seeks to remove these doubts by inserting a new clause in article 359 which follows the language of article 358.

2. It is further proposed to make it clear that the order made under clause (1) of article 359 may be made so as to make it applicable to all persons or any class of persons. It is also proposed to take powers to make the order with retrospective effect to any date not earlier than the date of issue of the Proclamation.

*Explanation*.—Any acquisition made under the Rajasthan Tenancy Act, 1955 (Rajasthan Act 111 of 1955), in contravention of the second proviso to clause (1) of article 31A shall, to the extent of the contravention, be void.".

## STATEMENT OF OBJECTS AND REASONS

Article 31A of the Constitution provides that a law in respect of the acquisition by the State of any estate or of any rights therein or the extinguishment or modification of any such rights shall not be deemed to be void on the ground that it is inconsistent with, or takes away or abridges any of the rights conferred by article 14, article 19 or article 31. The protection of this article is available only in respect of such tenures as were estates on the 26th January, 1950, when the Constitution came into force. The expression "estate" has been defined differently in different States and, as a result of the transfer of land from one State to another on account of the reorganisation of States, the expression has come to be defined differently in different parts of the same State. Moreover, many of the land reform enactments relate to lands which are not included in an estate. Several State Acts relating to land reform were struck down on the ground that the provisions of those Acts were violative of articles 14, 19 and 31 of the Constitution and that the protection of article 31A was not available to them. It is, therefore, proposed to amend the definition of "estate" in article 31A of the Constitution by including therein lands held under ryotwari settlement and also other lands in respect of which provisions are normally made in land reform enactments. It is further proposed to provide that where any law makes a provision for the acquisition by the State of any estate and where any land comprised therein is held by a person under his personal cultivation, it shall not be lawful for the State to acquire any such land as is within the ceiling limit applicable to him under any law for the time being in force or any building or structure standing thereon or appurtenant thereto, unless the law relating to the acquisition of such land, building or structure provides for payment of compensation at a rate not less than the market value thereof.

2. It is also proposed to amend the Ninth Schedule by including therein certain State enactments relating to land reform in order to remove any uncertainty or doubt that may arise in regard to their validity.

3. The Bill seeks to achieve these objects.

**Notices**

3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

**Costs and compensations**

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer.

**AWARD**

By order No. 24-I.R./IR/8L-29(A)/62, dated the 4th January, 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Vidyasagar Cotton Mills Ltd, P.O. Sodepore, 24-Parganas and their workmen represented by Vidyasagar Cotton Mills Mazdoor Union, Auddy Bagan, P.O. Panihati, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by Notification No. 808-I R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

**Issue**

1. Whether the termination of service of the following workmen is justified? To what relief, if any, are they entitled?

Sarbasree (1) Radha Ram, (2) Ram Sagar, (3) Nabi Rasul, (4) Anwarul Haque, (5) Seo Bachan, (6) Ab. Satter, (7) Ram Dhani, (8) Rama Sankar Pandey, (9) Ab. Jalil, (10) Ahmed Hussain, and (11) Thakur Prosad.

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Labour Department of the Government of West Bengal for adjudication of an industrial dispute existing between Messrs Vidyasagar Cotton Mills Ltd., P.O. Sodepore, 24-Parganas (hereinafter referred to as the company) and their workmen represented by Vidyasagar Cotton Mills Mazdoor Union, Auddy Bagan, P.O. Panihati, 24-Parganas (hereinafter be referred to as the union).

As usual notices being served upon the parties, they appeared and filed written statements and also supplementary written statements. They also filed their documents before the hearing of the case. At the hearing both parties examined their witnesses and tendered documents into evidence and advanced arguments.

The short case of the union is that the company is a Public Limited concern engaged in manufacturing cotton textile products. It is a fairly reputed cotton textile mill having started its business early in 1940 and has since been earning sufficient profit; that the mill was running 156 looms but subsequently in 1962 the company stopped working of 108 looms on the plea of heavy increase of excise duty by the Government in respect of power loom factories having 50 or more looms. Consequently, there was a lay off in the factory and quite a good number of workmen were laid off and ultimately retrenched by the company; that the Government of West Bengal set up an Omnibus Tribunal in Cotton Textile Industries in West Bengal in 1956. This company was a party to the reference and the award made by the said Tribunal was published in the *Calcutta Gazette* on the 10th June 1958. Thereafter the Government of India set up a Wage Board for Cotton Textile Industry. The recommendations of the said Wage Board came into force from January 1960 by which basic wages and D.A. of the workmen employed in composite type of cotton textile mills were considerably increased. The power loom factories were, however, left out of the scope of the Wage Board recommendations. So, the union submitted a charter of demands for the workmen before the management of the company. In the winding section of the Mill a group of workmen used to work on Pirn Winding Machines. They used to work on 10 spindles but the company in the year 1954-55 asked them to work on 15 spindles. On their refusal the management took action against the Pirn Winders who refused to work on 15 spindles. Subsequently, however, they agreed and continued to work on 15 spindles. Subsequently the company with a view to increase the workload still more directed the workmen by a notice, dated 5th/11th June 1963, to work on 25 spindles. But the workmen refused to comply and sent a written reply to the company, copy whereof was also sent to the Labour Commissioner. Thereafter the company terminated the services of 11 workmen by giving one month's notice on 30th July 1963, in accordance with the provisions of Rule 13 of the Standing Orders. The dispute was taken up by the Labour Directorate for conciliation but no conciliation was possible. Hence the present reference.

The company's case is that it was a small unit of power loom factory depending on the supply of yarn from spinning mills or composite mills. So, the margin of profit is very small. On the top of it in 1962 additional excise duty was imposed on power looms. The amount was very heavy on the factories working with 50 looms or more. So, the company had to decide to reduce the number of looms from 108 to 48 only for the purpose of running the mill economically and with no other motive as alleged by the union. The Pirn Winders of the mill were previously working on 10 spindles but since then the old hank system of yarn supply was replaced by the most modern Cone system and the quality of the yarn has also been improved by using finer and higher count of yarn. Previously coarse yarn was used. It was quite possible since the introduction of the Cone system to work on 25 spindles and some of the Pirn Winders were actually working on 25 spindles but 11 permanent workers refused to work at least on 15 spindles.

The company had to take action against them. That action of the company was approved by the Tribunal, before which a proceeding was, at that point of time, pending for adjudication. Thereafter the permanent Pirn Winders started working on 15 spindles. Since then some improvements have been introduced in the quality of yarn and in the system of supply thereof. Because of the improvements it has been quite possible for the Pirn Winders to work on 25 spindles or more. Some temporary workmen and also a few female Pirn Winders have since been working on 25 spindles but the aforesaid 11 Pirn Winders have refused to work on 25 spindles. Repeated requests were of no avail. Therefore, the company had to terminate their services after a requisite notice under the provisions of clause 13 of the Standing Orders. But in the order of termination of their services it has been made very clear to them that it is always open to them to come and join their duties provided they are willing to work on 25 spindles as other workers have been doing including some female Pirn Winders. One of the permanent Pirn Winders has agreed to work on 25 spindles and has been continuing his work. The company had denied all other allegations of the union. It is contended that it was a bona fide action of the company against the recalcitrant Pirn Winders who intentionally and deliberately wanted to slow down work in spite of improvements introduced to facilitate working on 25 spindles or more. So, the bona fide action in accordance with the provisions in the Standing Order is justified and no interference is called for by the Tribunal.

**Decision**

Both parties adduced evidence—oral and documentry. The union examined five witnesses including two workmen involved in the dispute under reference and the company examined two witnesses. There are 11 workmen named in the order of reference who are concerned in the dispute under reference. But it is admitted by both parties at the time of the hearing of the case that one of them Ram Sagar who is No. 2 has been continuing his service under the company as a Pirn Winder which he was before termination of his service by the company after one month's notice in accordance with the provisions of clause 13 of the Standing Orders. Ext. B/2 is the said notice. Union has also produced a copy of the notice Ext. 1/h. By

the said notice the services of the 11 Pirn Winders were not required by the company after 31st August 1963. Before that date the company issued another letter to all the 11 Pirn Winders on 29th of August 1963. By that letter the company made its position very clear as to the circumstances which compelled the concern to recourse to the action taken under clause 13 of the Standing Orders. Paragraph 4 of the letter will show that the company informed the workmen that they will be at liberty to resume their works provided they are willing to work on more spindles as other Pirn Winders have been doing. One of the 11 Pirn Winders whose services were terminated on their refusal to work on 25 spindles, agreed to work on 25 spindles and he was at once allowed by the company to continue his job. This workman is No. 2 Ramsagar. He made an application to the Manager of the Mill. It is dated 2nd September 1963, i.e., a day after commencement of the termination of his service. He having agreed to work on 25 spindles as the other workmen have been doing, the company readily permitted him to continue his service as a Pirn Winder. It will appear from this letter that due to intimidation of the leaders he did not work on 25 spindles. However, there is no dispute that the said workman is still continuing as a Pirn Winder in the mill, and his dispute is not pressed by the union for adjudication. Admittedly these workmen were permanent Pirn Winders and the company terminated their services in accordance with the provisions of clause 13 of the Standing Orders after giving one month's notice as required. As a matter of fact, it appears that more than a month's notice was given by the company. Admittedly this Vidyasagar Cotton Mill was one of the parties to the industrial disputes in the Cotton Textile Industry in West Bengal referred to the Second Cotton Textile Major Tribunal. The company as such was bound by the award which also prescribed the Standing Orders. The award was published in the extraordinary issue of the *Calcutta Gazette* on the 10th June 1958. Clause 13 of the said Standing Orders provides for termination of employment after a notice in writing either by the employer or by the workmen. The period of notice will be one month in the case of monthly-paid permanent workmen. In the instant case there is no dispute that the workmen were permanent monthly paid employees. These workmen were originally asked by notice Ext. A to work on 25 spindles as other workmen have been doing, failing which the management would take necessary step to terminate their services in accordance with law. This notice was given on the 11th of June 1963. Then another letter followed on the 2nd July 1963 by which the workmen were asked to explain their failure to work on 25 spindles like other Pirn Winders working in the same factory. It appears that Ramsankar Pandey who is a member of the executive committee of the union submitted explanations on 6th July 1963 [Ext. 1 (f)] in which he pleaded that he has been working on 15 spindles since 1954 and that has been the condition of his service. He has denied the allegation of slowing down of work although he admitted in para. 3 of the letter that a few temporary workers were working on 20 to 25 spindles under pressure of the management. The company thereafter gave notice of termination of service under clause 13 of the Standing Orders. This notice was given on the 30th July 1963 (Ext. B/2). But before actual termination of the services of the workmen another letter was given to the workmen on 29th August 1963 (Ext. B/1) and a similar letter was addressed to the Assistant Labour Commissioner on that very date (vide Ext. B/3). The union's grievance is that before actual termination of the services of the workmen the company did not hold any enquiry and that it was a mala fide action on the part of the company and it amounted to unfair labour practice and victimisation. Therefore, the prayer is for setting aside the order of termination of the service of the workmen and to reinstate them in their old positions with all wages for the period of their forced absence.

It is well-settled by the Hon'ble Supreme Court in the case of Tata Oil Mills Co. Ltd. (1963-64 F.J.R. Vol. XXIV, page 472) that "contracts of employment or provisions in the Standing Orders may authorise an employer to terminate the services of his workmen after giving notice for one month or paying salary for one month in lieu of notice, and normally, an employer may, in proper case, be entitled to exercise the said power, but where an order of discharge made by the employer gives rise to an industrial dispute, the form of the order by which the workmen's services are terminated would not be decisive and industrial adjudication would be entitled to examine the substance of the matter and decide whether the termination is in fact discharge simpliciter or whether it amounts to dismissal which has put on the cloak of a discharge simpliciter. If the industrial court is satisfied that the order of discharge is punitive, that it is mala fide, or that it amounts to victimisation or unfair labour practice, it is competent to the industrial court to set aside the order and in a proper case to direct reinstatement of the workmen." In an earlier decision (1960 II L.L.J., 222), the Hon'ble Supreme Court was pleased to observe that "the form of the order of termination is not conclusive of the true nature of the order. For, it is possible that the form may be merely camouflage for an order of dismissal for misconduct. It is, therefore, always open to the tribunal to go behind the form and look at the substance and if it comes to the conclusion, e.g., that though in form the order amounts to termination simpliciter, it really cloaks a dismissal for misconduct, it will be open to it to set it aside as a colourable exercise of power." The Hon'ble Supreme Court similarly held in another case (1960 I L.L.J., 587) that "when validity of termination is challenged in industrial adjudication it will be competent to the industrial tribunal to enquire whether the impugned discharge has been effected in the bona fide exercise of his power. If the discharge has been ordered by the employer in bona fide exercise of his power, then the Industrial Tribunal may not interfere with it."

In the instant case the services of 11 permanent Pirn Winders were terminated by the management under the provisions of clause 13 of the Standing Orders on their refusal to work on 25 spindles as the other Pirn Winders who were temporary and some of them are female workers have been doing without any difficulty or complaint. The workmen refused to work on 25 spindles on the plea that to work on 15 spindles only is the condition of their service. It is not their plea that it is difficult to work on 25 spindles or that it involves extra heavy strain on them or that it is altogether impossible. The alleged condition of service as pleaded by the workmen is not a substantial one. It is admitted by the union and also

by some of the workmen who gave evidence before the tribunal that before 1954 they used to work on 10 spindles. There is no evidence to show if there was any agreement or understanding at the time of their joining the service of the company as to the number of spindles they will be working on. The machines they have been working remained the same Lessona Machines. Assuming for a moment that they were working on 10 spindles since they joined, how could it be the condition of their service to work on 10 spindles for all time to come. When they started to work on the Lessona Machines they had no expierence or skill which they subsequently gained by actual working for a number of years. Admittedly they were actually working on 15 spindles before the impugned termination of their services in 1963 After 1954 when the company asked them to work on 15 spindles these permanent Pirn Winders protested and refused to work. The company took action against some of them and the matter came up before a Tribunal in a proceeding under section 33 of the Industrial Disputes Act. When the Tribunal accorded approval to the action taken by the company against the Pirn Winders, they, in their wisdom or under good advice agreed to work on 25 spindles as proposed by the company and as other Pirn Winders were doing. Since then they continued to work on 15 spindles. So, the story of working on 10 spindles as a condition of their service falls to the ground. There is hardly any dispute as to the developments and improvements since introduced by the company. Previously there was crude system of supply of yarn known as "hank" system which has since been replaced by the most modern "Cone" system. There is another improvement in the quality of the yarn used. The coarse quality of the yarn previously used has since been replaced by finer quality of yarn of higher counts. These improvements according to the company's weaving master have facilitated working of a larger number of spindles by a Pirn Winder than before and this fact is admitted by one of the Pirn Winders of the mill who are at present working on 25 spindles. D.W.2 Kanta Tewari is a Pirn Winder. He has recently been made permanent. It transpires in the cross-examination of this witness that there are four Pirn Windrs, who have been working for four years. They are: Dal Singh, Muzaffar, Kautaki and Ammai. The last two persons are female workers. The union's witness P.W.4 Md. Yusuf Khan, the Vice-President of the union, admits that there are 10 to 15 women working as Pirn Winders. Besides the oral evidence there are documents to show that the other Pirn Winders of the mill have been working on 25 spindles and 3 of the Pirn Winders are female workers. They are: Ketaki, Parbati and Ammai. The production registers, Exts. C, C/1 and C/2, will show that some of the Pirn Winders have been working on 25 spindles from December 1962 to March 1963. There is nothing to challenge the correctness of the entries in these important registers of the mill The workman No. 2 Ramsagar tops the list of the Pirn Winders as he has been working for more than 12 years as a Pirn Winder in the mill. Therefore, there is no manner of doubt that since the improvements introduced by the management the Pirn Winders other than the present batch of permanent workers have been working on 25 spindles without a murmur or protest. The batch of Pirn Winders who are concerned in the present dispute under reference, previously refused to work on 15 spindles and similarly they have again refused to work on 25 spindles although it is admitted by them that temporary Pirn Winders including some females have been working on 25 spindles since the introduction of the improvements in the supply of yarn and the quality thereof. I have already observed that I do not find substance in the plea that to work on 15 spindles is a condition of their service. The union has not been able to place any materials to support the alleged plea of condition of service. Not only there is nothing in writing to show that it was their condition of service but at the same time it is opposed to the common sense view that a workman will be doing the same amount of work from beginning till end of his service. At the commencement of service he was a novice and naturally doing less work. With age and experience he will be more useful as a worker and will be giving more services as an experienced hand. If it is accepted that an experienced workman will give that amount of work which is expected of a raw recruit, then the experience will be of no value and there will be no point in offering higher wages to experienced workmen with better skill. These workmen sternly refused to work on more than 15 spindles in spite of repeated requests by the management. Some of them who deposed before this tribunal have informed the tribunal that they are not prepared to work on 25 spindles. Their leader Shri Rama Sankar Pandey who is said to be a member of the executive committee of the union, has deposed to that effect. Therefore, it is very clear that the workmen still remained adament. They will not be working on more than 15 spindles. Therefore, it was useless to hold an enquiry. It was a very simple matter. They were asked by the management to work on 25 spindles since the introduction of improvements in the system of supply of yarn and the quality of yarn. It is very clear from the company's production register Ext. C series that other Pirn Winders have been working on 25 spindles including some female workers. Therefore, there is no good ground for not working on 25 spindles by these experienced batch of workmen. The company, therefore, had in the circumstances no other alternative than to terminate their services. I do not find any mala fide in that action of the company against these workmen who took an unreasonable attitude to refuse to work on 25 spindles without any good ground. It may be pointed out that the company's attitude was very fair. While terminating the services of these workmen, the company made it plain to them that they will be at liberty to come and join and continue as Pirn Winder provided they are willing to work on 25 spindles as the other Pirn Winders have been doing in the same mill. This offer has been made in paragraph 4 of the company's letter Ext. B/1 to the workmen. One of the Pirn Winders Ram Sagar as soon as he expressed his willingness to work on 25 spindles he was at once allowed to continue to work and it is admitted that he has been continuing as Pirn Winder in the mill. Therefore, I find no mala fide in the company's action.

The union has further alleged that the company was following a policy of repression and victimisation by frequently laying off a number of workmen and some times by retrenchment of some of them. The union for instance, cited that in 1962 the company laid off a large number of workmen. Subsequently, however, they were allowed to join. But again in 1963

some workmen were laid off and ultimately they were retrenched. The company has admitted the lay off and retrenchment. Admittedly the company was originally running 156 looms but in 1962 it was reduced to 48 because to avoid heavy taxation. According to the company there was an imposition of heavy excise duty on the Power loom factories working with 50 looms or more. The company found it difficult to meet such a heavy taxation. Therefore, it took a decision to reduce the number of looms to 48 and to keep the mill going. Therefore, when the looms were reduced from 156 to 48 only, naturally some workmen had to be laid off for want of sufficient work. This fact finds admission in some of the correspondence and letters exhibited on the side of the union [Exts. 1, 1(a)]. The Government of India subsequently upon some consideration reduced the excise duty on power looms and as soon as the excise duty was reduced, the company at once took back the laid off workmen. But again in 1963 the Goverment of India imposed heavier taxation on power loom factories working with 50 looms or more. Therefore, the company had to reduce the number of looms again to 48 and consequently the workmen also were laid off and ultimately some of them were retrenched. But the company had to take that action for reasons beyond its control. The Secretary of the union in his letter, dated 28th of February 1963 [Ext. 1(c)], has admitted that owing to imposition of heavy excise duty by the Government of India by general notice, dated 27th February 1963, the company reduced the number of working looms from 156 to 48 only. Hence there was consequential reduction in the number of the workmen. Therefore, it is enough from the union's document to show that there was no arbitrary or unreasonable action taken by the company without sufficient cause and justification. So, I find no substance in the allegation that the company was pursuing a policy of repression and unfair labour practice. There is no evidence to show that any workman was punished for his trade union activities. There is nothing to prove that all the 10 permanent Pirn Winders were organisers of the union and they gave any offence to the company by organising the union, or they had any hitch with the employer in connection with their trade union activities, if any. I have already found that these workmen took a very stiff attitude not to work on more than 15 spindles although it is admitted that other workmen including some female workers have been working on 25 spindles since some developments made and introduced in the working of the winding section. The union's witness No. 3 Rama Sankar Pandey who is said to be a member of the executive committee of the union and who is one of the discharged workmen, has admitted that some workmen are working on 25 spindles and he has also admitted that in the lay off in 1962 and 1963 none of the Pirn Winders was involved. He has further stated that they are not prepared to work on more than 10 spindles. Therefore, in view of the attitude taken by these workmen, it was of no use to hold an enquiry by the company. The company, therefore, found no other alternative than to terminate their services under clause 13 of the Standing Orders and this action of the company I find was taken in bone fide exercise of the power provided in clause 13 of the Standing Orders. Therefore, I am led to the conclusion that the company was justified in terminating the services of 10 Pirn Winders (excepting No. 2 who has since resumed his duties having agreed to work on 25 spindles). The workmen are, therefore, entitled to no relief.

This is my award.

## AWARD

The Government of West Bengal, had referred by order No. 363-I.R./IR/11L-160(A)/64, dated the 30th January 1965, the following industrial dispute between Messrs. Plastic Moulders (P) Ltd., and their workmen to this Tribunal for adjudication.

**Issue**

(1) Whether non-payment of subsidy towards house-rent to Shri Jit Bahadur is justified ? To what relief, if any, is he entitled ?

After the service of the usual notice, the Secretary of the Workers' Union Shri Kali Pada Aich, had filed the written statement on behalf of the union, and the employer had also filed the written statement. In the written statement filed on behalf of the union, it has been stated that Jit Bahadur had been working as a durwan of the company since June 1961 and is drawing the salary of Rs.66 per month as fixed under the tripartite agreement, that from March, 1962, the company had introduced a system of house-rent allowance for durwans by virtue of which all the workmen, save and except Jit Bahadur have been drawing an allowance of Rs.6 per month in lieu of the house-rent expenses incurred by them and that this house-rent allowance is a condition of service enjoyed by the durwans. The company, however, arbitrarily and unfairly has not paid this house-rent allowance of Rs.6 per month to Jit Bahadur who had approched the company several times. There was negotiation with the company regarding this matter, but to no purpose. On 13th July 1963, an application was made by the union to the Assistant Labour Commissioner, Howrah, claiming the house-rent allowance for Jit Bahadur. The conciliation, however, had failed and a report under section 12 (4) of the Industrial Disputes Act, was submitted. It is further stated that the concerned workman Jit Bahadur is entitled to draw the house-rent allowance of Rs. 6 per month from March 1962 and it is prayed that an award for the house-rent allowance at the rate of Rs.6 per month with effect from March 1962 may be passed, as the payment of the amount is a condition of service.

The company in its written statement had admitted that Jit Bahadur had been working as a durwan since June 1961 and had been drawing Rs.66 per month as his salary under the tripartite agreement. The company, however, had denied that it had introduced any system of house-rent allowance for the durwans and it further denied that the durwans had been drawing the allowance of Rs.6 per month in lieu of house-rent expenses. It is stated that it had rented four quarters in the close proximity to the factory and it provides free accommodations there to the durwans to stay there without their families. It is said that Nageswar Singh is residing in one room at 4/2 Rajen Sett Lane, for which the company is paying Rs. 6 as the rent, that Kameswar Singh and Ram Swarup Singh each occupy one room at 51 Rajen Sett Lane and the company is paying rent of Rs. 6 per room and that Jaynarayan Pandey and Lakshmi Narayan are jointly occupying one room at 18/3 Rajen Sett Lane for which the company is paying Rs.16 per month as rent. The company provides free single accommodation to the above durwans in consideration that they will stay in the locality adjacent to the factory so that the company may avail itself of their services as and when required. The company, however, specifically has denied that any house-rent allowance is in force since March 1962 and is a condition of service enjoyed by the durwans. With regard to Jit Bahadur, it is said that he stays with his family at 2 Belur Road which is far away from the factory. As the company does not pay any house rent allowance to any of the durwans, the question of depriving Jit Bahadur of the house-rent allowance of Rs.6 per month does not arise. As Jit Bahadur is staying away from the factory with his family, the company is not liable to provide him with free accommodation and the company is also not legally liable to give either the house-rent allowance, or the alleged subsidy towards the house-rent. It is prayed that the prayer of the union may be rejected.

**Findings**

Before I proceed to discuss the evidence, I would point out that the learned union representative was unable to state definitely whether the house-rent allowance as mentioned in the written statement of the union, is really a condition of service or not. In the written statement of the union (vide paragraphs 3 4 and 10), it has been quite clearly stated that the house-rent allowance is a condition of service enjoyed by the durwans employed by the company. If really the alleged house-rent allowance is a condition of service, I do not see at all how the question of subsidy towards, the house-rent can at all arise. As I understand the learned union representative, he did not urge that Jit Bahadur is entitled to any subsidy towards the house-rent. His contention was that Jit Bahadur is entitled to get the house-rent allowance at the rate of Rs.6 per month from March 1962. If Jit Bahadur is really entitled to get that sum, then he is only entitled to get the amount on the ground that the payment of the amount is a condition of service. In this connection, I will refer to the definition of wages in section 2 (rr) of the Industrial Disputes Act, 1947. It has been provided, inter alia, that "wages" means all remuneration capable of being expressed in terms of money, which would, if the terms of employment, express or implied, were fulfilled, be payable to a workman in respect of his employment or of work done in such employment and includes, inter alia, the value of any house accommodation. Therefore, if as the term of condition of service the employer was bound to provide for accommodation of the employee, and if the employer for some reason or other could not provide for the house accommodation in terms of the contract of service, then the employee, in addition to the other amounts to which he is entitled, is entitled to get the value of the accommodation which the employer was to provide, but failed to do so. The question now therefore is whether there was really any contract of service for provision of housing accommodation to the durwans, or for giving any house-rent allowance to the durwans. It would appear from the written statement itself that the system of providing free accommodation to certain durwans was introduced by the company in March 1962 and Jit Bahadur himself had entered into the service in June 1961. Therefore, at the time when Jit Bahadur was employed by the company, there was no contract for giving housing accommodation or for giving house-rent allowance. It is undisputed that the durwans whose names have been mentioned in the written statement of the company, are occupying the quarters at the different addresses mentioned in that written statement. P. W. 1 Jaynarayan Pandey is one of the durwans mentioned in the written statement of the company. His evidence is that he had resided at 51 Rajen Sett Lane previously and at present he is residing at 18/3 Rajen Sett Lane, and that the rent in respect of the quarters is paid by the company.

His further evidence is that there was 6 durwans serving under the company, that the company has provided free accommodation for 5 durwans and that no free accommodation has been provided for Jit Bahadur, who was employed by the company before he got the service. P. W. 1 does not say that the free accommodation provided by the company is really the condition of service. At the time of cross-examination, P. W. 1 admits that the quarters which he is occupying really belongs to the company, that the previous quarters occupied by him also belongs to the company, that the durwans do not get money in cash on account of the rent, and that he is unmarried. It would, therefore, appear that the company has provided free quarters to some of the durwans who are unmarried and remain singly in the quarters near the factory. P. W. 2 Jit Bahadur has said that there are 6 durwans and the other durwans got house-rent and the bills are made out in the name of the company. It is his further evidence that the other durwans had been provided with accommodation, that he was told by the company that as he has got his family, he will not get the house-rent allowance and that when he pointed out that other durwans had families with them, he was told that he should not envy them. He had said further that the wife of Nageswar Singh and the wife of Ram Swarup reside with them in their quarters. It appears to me from these evidences that the wives of some of the durwans casually came and stayed with the durwans in the quarters provided by the company. In my opinion, nothing turns on the casual residence of the wives of some of the durwans in the quarters. I am further of opinion that the evidence of P. W. 2 also does not show that the provision regarding free housing accommodation or the alleged house-rent allowance is not a condition of service. I do not see why the sum of Rs.6 has been claimed as house-rent allowance, because at least with regard to one room, the rent payable is Rs.16, i.e., for the quarters at 18/3 Rajen Sett Lane. P. W. 2 has admitted that the quarters at Rajen Sett Lane is situated on the same Lane where there is a factory of the company. On behalf of the company, O.P. W. 1 Shri Ghanashyam Das has said that the company had rented several quarters and some of the durwans reside there singly and that nothing is paid to the durwans as house-rent. It is his further evidence that the quarters had been provided to these durwans by the company, as the services of the durwans may be required from time to time. At the time of cross-examination, O. P. W. 1 has said that the quarters were rented for the purpose of giving accommodation to the durwans as their services might be required from time to time. This evidence shows that it is only for the convenience of the company that certain quarters had been rented by the company, and that some durwans had been allowed to occupy them. This shows that the provision of housing accommodation or the alleged house-rent allowance is not a condition of service. O. P. W. 2 Lachmi Narayan is one of the durwans who is occupying the quarters at 18/3 Rajen Sett Lane. He has also said that the company pays rent and all the durwans reside singly. His evidence also certainly does not show that the provision for housing accommodation is really a condition of service and it also does not show that as a condition of service, any of the durwans is entitled to get the alleged house-rent allowance. In fact the evidence shows that none of the durwans had ever obtained any house-rent allowance at all, or even any subsidy towards the house-rent. On a consideration of the entire evidence, it appears to me that the company only provides free accommodations to some of the durwans who reside singly in the quarters provided by the company, and that this free accommodation is provided only for the convenience of the company itself. Jit Bahadur admittedly resides far away from the factory with his family. The learned Advocate appearing for the company offered to give free accommodation to Jit Bahadur provided he lives without his family, but with another durwan. Jit Bahadur had declined to accept that offer and had said that as he has got his family, he cannot stay in one room with another person, and that it would be better for him to take some house-rent allowance.

I have therefore come to the conclusion that Jit Bahadur is not entitled to get either the house-rent or any subsidy towards the house-rent. He is also not entitled to get any free accommodation provided by the company and, therefore, Jit Bahadur is not entitled to get any relief. This is my award.

The above dispute over the issue given in the Order of Reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, Order No. 4585-I.R./IR/8L-30(B)/64, dated the 1st October 1964.

**Issue**

1. Is the suspension of Shri Sukumar Chakraborty with effect from 5th January 1963 justified ? What relief, if any, is he entitled to ?

I shall first state the undisputed background facts together with the respective cases of the parties on some disputed points.

This workman worked in a sizing machine in the Mill up to 4th January 1963. The workman's case is that on 5th January 1963 when he was working at his place, he was asked by the department incharge to stop his work and leave the Mill and when he wanted to know the reason for this action, he was forcibly turned out of the department and taken to the Manager who asked him to leave the Mill premises, saying that the reason for the action would be intimated to him. 5th January 1963 was a Saturday. 6th January 1963 was a Sunday and holiday. He was not allowed to work in the Mill after that and finally on 14th January 1963 he received the charge-sheet, dated 10th January 1963, by registered post. The Company's case, on the other hand, regarding the incident of 5th January 1963 is that while working in his sizing machine on that day, this workman broke the drying fan of the machine by his carelessness and negligence and when he was asked to explain the matter, he left his work place and since then he absented himself without permission and in these circumstances, the charge-sheet, dated 10th January 1963, relating to the incident of 5th January 1963 was issued to him by registered post and he received the charge-sheet on 14th January 1963 as admitted by him. After receiving the charge-sheet, the workman submitted his reply on 16th January 1963. In the charge-sheet, dated 10th January 1963, there was an order for his suspension pending enquiry. The Company issued a notice to the workman fixing 5th February 1963 for holding a domestic enquiry regarding the charge-sheet, dated 10th January 1963. He did not appear at the enquiry but filed an application under section 33/A of the I.D. Act, before this Tribunal on 4th February 1963 alleging that he was dismissed from service wrongfully by the Company with effect from 5th January 1963 in contravention of the relevant provision of section 33 of the I. D. Act which applied to the dismissal because the adjudication proceedings of another dispute between the Company and its workmen, referred to this Tribunal by G. O. No. 7089-I.R. dated 19th December 1962, were pending before this Tribunal, at that time. The Company appeared in the case under section 33A of the I. D. Act, upon getting notice thereof and necessarily, no further step for holding any enquiry regarding the charge-sheet, dated 5th January 1963 was taken. The Company contested the workman's application under section 33A of the I. D. Act. The case under section 33A of the I. D. Act was disposed of by an award, dated 22nd August 1963, which was published in the "Calcutta Gazette", dated 12th September 1963 (Exhibit 2). In that award the Tribunal held that there was no dismissal of the concerned workman on 5th January 1963 and he had not yet been finally dismissed by the Company in connection with the charge-sheet, dated 10th January 1963 and so, this application against his alleged wrongful dismissal was premature and not maintainable. After this finding, the Tribunal directed that the Company might proceed to take necessary steps to hold the domestic enquiry regarding the charge-sheet. Just on the publication of the award on 12th September 1963 the Company issued a notice of the same date to the workman informing him that in pursuance of the award in the case under section 33A of the I. D. Act, a enquiry regarding the charge-sheet, dated 10th January 1963, would be held on 24th September 1963 (Exhibit C). Subsequently, this date of enquiry was changed to 25th September 1963 as the Mill was to remain closed on 24th September 1963 (Ext. D). The enquiry was held on 25th September, 1963 and the workman attended the enquiry, But on 26th September 1963, the workman submitted a letter of protest against the enquiry held on 25th September 1963 alleging that the enquiry was not fairly and properly held and the proceedings were not correctly recorded, (Exhibit F.). On receipt of this letter of the workman, the Company decided to hold another enquiry on 10th December 1963 and accordingly issued a notice to the workman informing him of this date of a fresh enquiry (Exhibit E). The enquiry was taken up on 10th December 1963. The workman attended the enquiry. The Company's case here is that the enquiry could not be completed as in course of the proceedings, the workman left the place of enquiry in an angry mood ; whereas the workman's case is that the enquiry was completed but he was not thereafter informed of any result of the enquiry and he remained without work as before. Thereafter by a letter, dated 25th March 1964, the concerned Union first raised the present dispute regarding the suspension of the workman from 5th January 1963. The letter was written to the Assistant Labour Commissioner (Exhibits Aand 1)

A copy of the letter was forwarded to the Company for comments and the company furnished its comments by a letter, dated 22nd April 1964, wherein it clearly stated that the enquiry was started on 10th December 1963 but before the enquiry could be properly proceeded with and concluded, Shri Chakravarty wrongfully left the place of enquiry and withdrew from the said enquiry (Exhibit B). The dispute regarding the alleged suspension of the workman from 5th January 1963 raised by the Union Secretary's letter, dated 25th March 1964, is now covered by the present reference and the reference has evidently been made after the failure of the conciliation proceedings.

It is now seriously contended on behalf of the Company that there was no suspension of the workman from 5th January 1963 as alleged but he was suspended pending enquiry with effect from 10th January 1963, the date of issue of the charge-sheet regarding the alleged misconduct committed by him on 5th January 1963 and as such, the suspension was quite legal and authorised by section 14 (e) of the Standing Orders governing this Company framed by the Omnibus Cotton Textile Award published in the Calcutta Gazette, dated 10th June 1958 (Exhibit H), and in these circumstances, the concerned Union and the workman have absolutely no case against the Cmopany regarding the suspension of this workman.

It is clear from the background facts stated above and particularly from the award, in the case under section 33A of the I. D. Act, started by the workman against his alleged dismissal from service with effect from 5th January 1963, that the workman practically stalled the domestic enquiry which the Company proposed to hold on 5th February 1963 in connection with the charge-sheet, dated 10th January 1963, by making an application under Section 33A of the I. D. Act and after the award in that case made on the basis that there was no dismissal of the workman on 5th January 1963, the Union has raised a fresh dispute practically over the same matter but in a different form by calling it a dispute regarding suspension of the workman. So far as the present reference is concerned, the jurisdiction of the Tribunal covers only the question of the suspension of the workman with effect from 5th January 1963. The Union is of course fully entitled to raise the dispute regarding the suspension of a workman and can challenge it as illegal, wrongful and vindictive. The Tribunal must go into the merits of the suspension and decide whether the suspension was justified and *bonafide*. It is clear from the evidence on the record, that the Company did not pass any order of suspension on 5th January 1963, and there was no suspension of the workman with effect from 5th January 1963. The evidence discloses that there was some incident on 5th January 1963 and in connection with that incident the workman was charge-sheeted for misconduct on 10th January 1963 and was suspended pending enquiry with effect from 10th January 1963. It was certainly a suspension pending enquiry into some charges of misconduct after issue of a charge-sheet. Section 14 (e) of the Standing Orders framed by the award made in respect of the Cotton Textile Industry fully justifies such suspension pending enquiry. It should be noted that the present employer, Bangodaya Cotton Mills Ltd., was a party to Omnibus Cotton Textile Reference and is covered by the award in which the Standing Orders were framed. In this connection it is to be noted that after the award passed by this Tribunal in the case under section 33A of the I. D. Act, the Company promptly took steps for holding the domestic enquiry regarding the charge sheet, dated 10th January 1963, and the enquiry was finally held on 10th December 1963 and the workman attended the enquiry. Exhibit G constitutes the recorded proceedings of the enquiry. The Officer of the Company, who held the enquiry on 10th December 1963, Shri Bankim Chandra Chatterjee (O.P. W. 1) has given evidence in the present case. I am fully satisfied from his evidence considered along with the recorded proceedings that the enquiry proceedings could not be completed as the concerned workman left the enquiry in an angry mood and I do not believe the contrary evidence of the concerned workman Shri Sukumar Chakraborty (P. W. 1). It is significant to note in this connection that the facts and circumstances already discussed above clearly indicate that the workman was not at all well disposed towards the Company's attempt to hold an enquiry regarding the charge sheet and he previously stalled the enquiry fixed for 5th February 1963 by filing a premature application under section 33A of the I. D. Act and it is quite natural that after the disposal of the case under section 33A of the I. D. Act by the Award, dated 22nd August 1963, and published in the Calcutta Gazette, dated 12th September 1963, he would adopt a similar attitute and his conduct also shows that inspite of the best efforts of the Company to complete the enquiry, he stood in the way by raising one plea after another and the Company's case that in the final enquiry, dated 10th December 1963, he left the place of enquiry in an angry mood before it was completed, is quite consistent with his previous conduct. It is quite clear that after having baulked all attempts of the Company to hold the enquiry regarding the charge-sheet even after the award in the case under section 33A of the I. D. Act, the workman is now seeking to raise a new dispute regarding his suspension through the Union. As already indicated above, the facts and circumstances of the case clearly indicate that the suspension of the workman with effect from 10th January 1963 was nothing but a suspension pending enquiry into a charge-sheet of that date and it is fully permitted and justified by section 14 (e) of the Standing Orders governing this Company.

The Union has, therefore, no case against the suspension of the workman with effect from 10th January 1963 which is practically the subject matter of the present dispute. I have already indicted above that there was no suspension of the workman with effect from 5th January 1963 as stated in the issue.

In the above view of the relevant facts and circumstances of the case and for the reasons recorded above, I hold and award that there was no suspension of the workman with effect from 5th January 1963 but he was suspended with effect from 10th January 1963 pending enquiry into a charge-sheet, dated 10th January 1963, regardings ame alleged misconducts committed on 5th January 1963, and the said suspension was quite legal and *bonafide* and the workman is not entitled to any relief against the suspension.

I should add here that the Company should now promptly make a fresh attempt to legally conclude

the enquiry regarding the charge-sheet, dated 10th January 1963, by giving a further opportunity to the workman to appear and take part in the proceedings of the enquiry and then pass a final order regarding the workman.

**Issue**

1. Whether non-employment of Shri Kapildeo Singh is justified? To what relief, if any, is he entitled?

## AWARD

The case put forward on behalf of the Union in its written statement may be briefly summarised as follows:

The concerned workman Shri Kapildeo Singh was a permanent workman in the Batching Department and was a leading member of the Bengal Chatkal Mazdoor Union. The Company did not not like his active association with the Union. On and from 10th May 1961, the workman was refused employment without any charge-sheet and without showing any reason. On 11th May 1961 the workman applied to the management for allowing him to resume his duties. Subsequently the Company sent a back-dated charge-sheet to the workman and it was received by him on 15th May 1961 and was immediately replied to. The charges were denied. Then on 24th May 1961 the workman again wrote to the Company stating that he did not receive any communication whatsoever since his reply to the charge-sheet and was being kept suspended without any enquiry vindictively. After this, an enquiry was proposed to be held on 29th May 1961. But practically no enquiry was held and the workman was not allowed to produce any witness or to cross-examine any witness of the Company. He was also asked to sign a paper the contents of which were not explained to him. After this the Company issued a back-dated letter showing 30th May 1961 as the date of issue whereby the workman was informed that he was found guilty of the charges and he would be allowed to resume his duties provided he furnished a written bond for his good behaviour. After receiving the letter, the workman protested against the Company's order by his letter, dated 20th June 1961. The Company did not reply to this letter and he was not allowed to resume his duties. After this the Union took up the cause of the workman and raised a dispute regarding his case and made a representation to the Labour Directorate. The Labour Directorate took up the case for conciliation but no conciliation could be effected.

The relief claimed is reinstatement of the workman with full compensation for the period of unemployment.

The relevant case put forward on behalf of the Company in its written statement is briefly as follows:

On 9th May 1961 during working hours of second part of 'B' shift, this workman committed some gross misconducts for which a charge-sheet was issued on 10th May 1961 giving details of the charges. The charge-sheet was tendered to him personally but as

he refused to accept it, was was sent by by rgistered post. The workman was suspended pending enquiry and this was intimated to him by the charge-sheet. The workman submitted his explanation and after this the Company by a letter, dated 18th May 1961, informed the workman that an enquiry regarding the charge-sheet would be held on 24th May 1961. As this day was declared as a general *hartal* day, the enquiry was adjourned to 29th May 1961 and the workman was informed of this adjournment by a letter, dated 25th May 1961. The enquiry was held on 29th May 1961 in presence of the concerned workman who attended the proceedings. The Company's witnesses were examined in his presence and their recorded evidence was explained in the workman's own language and he was given opportunity to cross-examine the wintesses but he declined cross-examination. The workman himself was also examined and his statements were duly recorded and the recorded statements were explained to him in his own language. The workman put his thumb-impression in the recorded proceedings after these were explained to him. He was also given opportunity to produce his witness, if any, but he did not produce any witness. After the enquiry, the enquiring officer submitted his report finding the workman guilty of all the charges. The management, after considering the report and accepting the findings of the enquiring officer, issued a letter, dated 30th May 1961, informing the workman that though he was found guilty, a lenient view was taken of his case and he might join his duties after furnishing a bond for future good behaviour. The letter was duly received by him but he did not act up to the terms of the letter and on the contrary, he wrote a letter to the Company, dated 20th June 1961, raising various false and baseless allegations against the Company. Thus, it was not a case of refusing employment to the workman but it was a case where the workman himself did not prefer to remain in employment after availing himself of the opportunity offered to him by the Company's letter, dated 30th May 1961. The Company acted quite *bonafide* in dealing with his case and there was neither victimisation nor unfair labour practice.

When the case was taken up for hearing, no evidence was adduced on behalf of any party but it was submitted by the parties' representatives, Shri N. M. Dasgupta for the Company and Shri P. Pathak for the Union, that the workman having apologized to the Company and having given an undertaking to the Company to give an assurance in writing to maintain good behaviour in future, the Company had agreed to take him back to service without breaking continuity of service for the period of unemployment by treating him as absent during the period without any claim for pay or wages on his giving a written assuarance of maintaining good behaviour in future. The parties' representatives submitted that an award for reinstatement of the worker on the Company's terms might be made. In view of this position, I am to make an award giving effect to the Company's terms for taking him back to service.

In the result, I make an award on the basis of the statements made by the parties' representatives and direct that the concerned workman shall be taken back to active service without breaking continuity of service by treating him as absent during the period of unemployment without any claim of wages on his reporting for duty within a month from the publication of the award with a written assuarance of maintaining good behaviour in future.

## AWARD

The Government of West Bengal by Order No. 13-I.R./IR/10L-171/64, dated the 4th January 1965, had referred to this Tribunal for adjudication the following industrial disputes between Messrs. Steam and Mining Equipment (India) Private Ltd., and their workmen.

**Issues**

1. Ad-hoc increment in wages.
2. Revision of grade and scale of pay (consolidated) for the sub- ordinate staff.
3. Gratuity.
4. Rate of Provident Fund contribution.

After the service of the usual notice, the workmen represented by the union had filed the written statement and the company also had filed the written statement. In the written statement filed on behlaf of the workmen, it is stated that the company is one of the biggest importers of machineries in India and holds agencies of world-renowned principals, foreign and Indian, that its main line of business is installation of industrial machinery and plants in both public and private sector and that it manufactures high voltage machinery and equipments, such as, cable boxes, air circuit breakers, switchboards and other components in its factory at Narkeldanga, Calcutta. This company previously had the head office at 101 Park Street, but the head office was subsequently shifted to 207B Park Street. In the head office, there are 60 workers. The company is a very prosperous concern and financially strong and stable and had been earning huge profits every year. Though the company is a member of the Indian Engineering Association, Calcutta, it is paying consolidated wages to its workmen, unlike other members of the Association. The union at the request of the workmen presented the charter of demands, dated the 6th November 1963, regarding the ad-hoc increment of Rs. 15 per month in the wages of all categories of workmen with effect from the date of the receipt of the charter of demands, revision of grades and scales of pay (consolidated) of the subordinate staff, introduction of a gratuity scheme, recruitment and replacement, increase in the rate of Provident Fund Contribution. The company by its comments, dated 7th February 1964, had refused the demands in the charter of demands, and thereafter there was conciliation by Shri S. K. Banerjee, Labour Officer, West Bengal, but the conciliation failed. Then the company and the union separately applied under section 10(2) of the Industrial Disputes Act to the Government of West Bengal for reference of the dispute for adjudication. Pursuant to these applications, the order of reference had been made. It is further stated on behalf of the workmen that in view of the abnormal rise of the prices of the essential commodities, the workmen are entitled to an ad-hoc increment of Rs. 15 per month, irrespective of whether the workmen are in enjoyment of an incremental scale of pay or not and this ad-hoc increment should be granted with effect from the 7th November 1963, when the charter of demands was received by the company. With regard to revision of grades and scales of pay (consolidated), the present scales of pay had been mentioned and the grades and scales of pay as per charter of demands had also been mentioned regarding the different categories of workmen including the drivers and durwans. Regarding gratuity, it is stated that though the Contributory Provident Fund is in force, the workmen are entitled to the benefits of gratuity scheme as the employers are financially capable to meet the expenses of the gratuity scheme. The employers should pay 15 days' wages (consolidated as now), or 15 days' wages inclusive of D.A., if at any time the existing consolidated wages be split into basic wages and dearness allowance, or 15 days' total wages, if any separate D.A. be given on top of the existing consolidated wages, for each completed year of service to the workmen in case of retrenchment, discharge, dismissal, retirement on medical grounds, termination of service on superannuation and resignation. With regard to rate of Provident Fund Contribution, it is stated that at present, the rate is 6 paise per rupee, that the rate of contribution in respect of clerical staff is 12½ paise per rupee and that the rate of contribution regarding the subordinate staff is 12½ paise per rupee, with retrospective effect from the 7th November 1963.

The company in its written statement has denied that it is one of the biggest importers of machinery in India and its line of business is installation of machinery and plant both in the public and private sector, and had said that its main business is the sale of goods for which they are agents and that the company is a very small unit employing about 84 clerks and other staff and 47 subordinate staff in the head office. It is also denied that it has a joint administration with the International Combustion (India) Private Ltd., and had said that there is only one common Director in the Board of Directors. It is further alleged that owing to increasing stringency of foreign exchange, import quotas have been drastically cut down and the value of actual user's licence issued to its customers has also seriously declined. The fall has been so particularly serious in recent months that the company's prospects of import business are very bleak. With regard to the consolidated wages, the company states that the consolidated wages are being paid in terms of the agreement with the union, dated the 1st May 1959, and that the other members of the Engineering Association are also paying consolidated wages. With regard to the revision of grades and scales of pay for the subordinate staff, it is stated that the question was a subject matter of industrial adjudication by the Fourth Industrial Tribunal, and the said Award continues to be binding between the parties, that the company voluntarily entered into the interim arrangement with the workmen for improving the grades and scales of pay and went to the length of offering a long term agreement and that the grades and scales of pay now in existence in this company compare favourably with those in similar concerns in the vicinity. There is therefore no question of revision of grades and scales of pay. With regard to the claim for gratuity, it is said that the retiral benefit by way of Provident Fund is in accordance with the provisions of the Employees' Provident Fund Act, 1952, and that the company has neither the stability nor the ability to bear the expenses of gratuity scheme. With regard to the rate of Provident Fund contribution, it is said that the rate has been fixed by the Government at 6¼ and the contributions for the old employees in the clerical grade continue to be at a higher rate as the said higher rate was the existing benefit for them at the time of the transfer of the fund to the Government. The rate therefore cannot be enhanced except in accordance with the provisions of the Provident Fund Act, 1952.

After the suit came on pre-emptory hearing, time was taken twice for settlement and the petition of compromise was filed on 26th June 1965. In the petition of compromise there is a reference to the subsequent reference, dated the 26th March 1965, but the present award would be limited only to the subject

matter of the present reference. With regard to revision of grades and scales of pay for the subordinate staff, there had been some upward revision and with regard to ad-hoc increment, it has been agreed that there would be ad-hoc increment of Re. 1 of the existing salary or wages in respect of all workmen. With regard to rate of Provident Fund, it is agreed that the deduction and contribution to the fund will be at the rate of 8⅓ per cent. from January 1965. With regard to gratuity, it is agreed that the union would not press for the demand now in view of the difficulties of the employer. I have considered the terms of settlement, and in my opinion the terms are fair, reasonable and bona fide and should be given effect to. I therefore pass an award in terms of the petition of compromise which should be made annexures to the award. This is my award.

## ANNEXURE

**In the matter of an industrial dispute between Messrs. Gouri Charan Karmakar & Brothers, 213 Mahatma Gandhi Road, Calcutta-7 and their workmen represented by the Hindusthan Drivers' Union, 3 British Indian Street, Calcutta-1. (Case No. VIII-170 of 1964.)**

By order No. 2274-I.R/IR/11L-185/62, dated Calcutta, the 19th June 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Gouri Charan Karmakar & Brothers and their workmen represented by the Hindusthan Drivers' Union for adjudication regarding the only issue contained in the order of reference.

### Issue

Whether refusal of employment to Shri Gokul Chandra Nayak is justified? To what relief, if any, is he entitled to?

### Award

This is a reference under section 10 of the Industrial Disputes Act. The employer named in the reference is Messrs. Gouri Charan Karmakar & Brothers, 213 Mahatma Gandhi Road. The workmen are represented by Hindusthan Drivers, Union, 3 British Indian Street, Calcutta-1.

The Union in its written statement submitted that Gokul Chandra Nayak was appointed a driver on permanent basis by the employer in 1938 and since then the workman had been serving the management efficiently The workman fell ill and reported about the sickness praying for one month's leave on 12th October 1961. After he was cured he went to the proprietor for resuming his duties but the proprietor did not allow him to do so. The matter was reported to Labour Commissioner on 12th December 1962. The workman received a letter on 25th February 1963 from the Assistant Secretary, Government of West Bengal. The workman produced a fit certificate on 1st April 1963 and requested the proprietor to allow him to resume his duties but the proprietor refused to accept it. The workman accordingly prays for reinstatement, back wages and other reliefs.

Written statement was filed by Shri Gouri Charan Karmakar describing himself as owner of the car which used to be driven by Gokul. In the written statement it was objected that there is no firm of the name Gouri Charan Karmakar & Brothers. The workman was never employed by any such employer. Gouri Charan Karmakar owned and possessed a personal car which was driven by Gokul. He was a personal driver of Gouri Charan Karmakar and not an employee employed by any firm. The Union has no authority to represent the workman because it is a stranger union. Gokul used to drive the car belonging to Gouri Charan Karmakar and he was attacked with tuberculosis. Shri Karmakar arranged for his treatment and gave Rs.300 in lump to the workman on compassionate ground. Owing to his illness Gokul could not continue his service and left the job. It was not a case of termination by the owner. Gokul himself put an end to his employment as he was physically unfit to carry on his normal duty as a driver.

On the pleadings of the parties the point arises as to whether Gokul Chandra Nayak was a driver appointed by Gouri Charan Karmakar personally to drive his personal car or whether he was employed by any business firm by the name Messrs. Gouri Charan Karmakar and Brothers. This point should be decided first.

Gokul gave evidence before the Tribunal. He is P. W. 1. He stated that he was employed by Gouri Charan Karmakar and Brothers. There is no existence of any firm by the name Messrs. Gouri Charan Karmakar and Brothers. A partnership deed is filed before me. It is Ext. F. and it shows that Gouri Charan Karmakar and his nephews Gopi Nath Karmakar and Abani Karmakar formed a partnership firm under a partnership deed in the year 1960. The name of the firm is mentioned in the partnership deed. It is Messrs. Nagendra Nath Karmakar at the premises No. 213 Mahatma Gandhi Road. A printed calendar has been filed which also shows the name of the firm as Nagendra Nath Karmakar, son of Uma Charan Karmakar. It is in evidence that Nagendra Nath Karmakar was father of Gouri Charan Karmakar. He is dead. It is further in evidence that the business is run at 213 Mahatma Gandhi Road and it is a partnership business of which Shri Gouri Charan Karmakar is one of the partners. It manufactures scales. The firm named in the order of reference i.e. Messrs. Gouri Charan Karmakar and Brothers is undoubtedly a wrong description of the firm and the real name of the firm is Nagendra Nath Karmakar. This fact is admitted by P. W. 3. Das, a witness for the union. Nevertheless from the description of the firm in the order of reference

there is little scope for doubt that it is the industry located at 213 Mahatma Gandhi Road owned by Shri Gouri Charan Karmakar as one of the partners was the employer alleged in the order of reference. Since there is no ambiguity about the employer though not alleged properly described in the order of reference, award which may be passed is quite enforceable against the firm in question. I do not think that the wrong description in the order of reference as to the firm's name will render the reference invalid It is the partnership of Gouri Charan Karmakar and other partners which according to the reference is the empoloyer. There is no defect fatal to the reference on this ground. Next, the question arises whether the driver Gokul was an employee of the firm of Gouri Charan Karmakar and his partners or he was in the personal employment of Gouri Charan Karmakar. This is the all important point for decision.

The pleadings have been already set forth. The evidence of P. W. 1. Gokul Chandra Nayak is that he was employed by the firm and not by Shri Gouri Charan Karmakar personally to drive his personally owned car. Shri Gouri Charan Karmakar denies this fact in his evidence on oath. Gouri Charan Karmakar stated that he had employed Gokul to drive his personal car and he had nothing to do with the firm. In support of his evidence he has filed the wage registers Exts. C and C(1). Ext. C is of the year 1958-59, while Ext. C(1) is of the year 1965-66. These are the wage registers which are endorsed by the workmen at the time when payment of salary is made. It is significant to note that Ext. C does not show the name of Gokul Chandra Nayak as a workman of the firm Nagendra Nath Karmakar though he was in service as driver at the relevant time. Wage Register Ext. C is admitted by P. W. 3 Das and P. W. 2 Suren, witnesses of Union themselves. There is no controversy about the genuineness of this document. If the name of Gokul does not appear in the list of workmen drawing wages from the firm, I should naturally conclude that he was not an employee of the firm. Gokul however wants me to rely on a certificate given by Gouri Charan Karmakar himself (Ext. 3) on 24th of May, 1954. Ext. 3 shows that in granting the certificate Shri Karmakar used the letter head of the firm. From the use of the letter head, I should not conclude that Gokul was an employee of the firm. The certificate only mentions that Gokul served Shri Karmakar as a motor driver for a number of years. This certificate was granted to Gokul so that he would get better employment elsewhere. This is the evidence of Shri Gouri Charan Karmakar. This certificate will not be enough on which a conclusion can be reached that Gokul was an employee of the business concern. I will turn to other documents now. Gokul admitted that he drove the car bearing No. WBC 6983. This is the blue book of the car Ext. G. That blue book shows that it was an Austin car purchased by Gouri Charan Karmakar himself. It was his personal property and the firm Nagendra Nath Karmakar or Messrs. Gouri Charan Karmakar and Brothers as named in the order of reference is not the owner of the car. It was a car personally owned by Gouri Charan Karmakar and Gokul admittedly drove that car. Gokul wanted to add that he drove other cars as well. He does not give the registration number of any of those cars. Shri Karmakar in his evidence denied this fact and added further that the Austin car which he owns is the only car he possesses in his life. That being so, I should hold that Gokul used to drive the personal car of Shri Gouri Charan Karmakar and as such he was not an employee of the firm, be it named Nagendra Nath Karmakar, or Gouri Charan Karmakar and Brothers. Gokul was not an employee of the firm. He was in personal employment of Gouri Babu and as such there could not have been any industrial dispute in respect of the termination of service of Gokul because Gokul was not employed in any industry. Industry has been defined in section 2(j) of the Industrial disputes Act. Unless a workman is employed in industry there cannot be an industrial dispute and on this ground alone a finding can be reached that it is not an industrial dispute and the reference is bad.

It is needless to discuss the other points or to enter into the merits of the case. The reference fails on that ground alone and the workman is not entitled to any relief before the Tribunal.

This is my award.

Serampore, District Hooghly, regarding the issue mentioned in the said order, being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Sri Baidhar, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said company alleging that the said company had contravened section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

**ANNEXURE**

**In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by one Baidhar of 77, Southern Avenue, Calcutta-29, an employee of Messrs India Jute Company Ltd. (Cotton Mill Section), Serampore, Hooghly, against the aforesaid Company. (Case No. 133 of 1964 under section 33A.)**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Sri K. P. MUKHERJI, Judge, Fifth Industrial Tribunal.

Present for the Company: Shri J. Datta Gupta, Advocate of Messrs. Orr Dignam and Co., Solicitors.

Present for the workman : Shri Patit Paban Pathak, a Trade Unionist.

The original reference out of which thiscase has arisen was made under G. O. No. 572-I.R./I R/1/81-5(B)/64, dated 12th February 1964.

In this application under section 33A of the I. D. Act, 1947, the petitioner Baidhar, a workman of the opposite party Company, alleges that his services have been terminated by his employer, the opposite party, in contravention of section 33 of the I. D. Act, 1947, and also in violation of the standing orders of the Company. He has prayed for his reinstatement with full wages for the period of his non-employment.

The opposite party entered appearance and filed a written statement in which it denied that it terminated the services of the petitioner in violation of the standing orders or in contravention of section 33 of the I.D. Act 1947. It is pleaded that the petitioner overstayed his leave, and under the provisions of the standing orders of the Company, he lost his lien on his post, and his name was accordingly struck off the roll. He is therefore not entitled to any relief.

The case was fixed for hearing on 3rd July 1965. On that date the parties filed a joint petition of compromise stating therein that the dispute between them had been amicably settled out of Court, and prayed that an award might be made in terms of the joint petition of compromise filed. The terms of compromise appear to be fair and reasonable, and I am satisfied that there has been a bonafide settlement of the dispute between the parties in terms of the joint petition of compromise. I, accordingly, accept the petition and pass a "no dispute" award in terms of the compromise petition filed. The petition of compromise do form part of the award.

This is my award.

## AWARD

The Government of West Bengal, Labour Department, by Order No. 12-I R./IR/10L-171/64, dated 4th January 1965, has referred to this Tribunal for adjudication the following industrial dispute between Messrs. International Combustion (India) Private Ltd., and their workmen.

### Issues

1. Ad-hoc increment in wages.
2. Revision of grade and scale of pay (consolidated) for the subordinate staff.
3. Gratuity.
4. Rate of Provident Fund Contribution.

After the service of the usual notice, the workmen represented by the Union had filed written statement and the Company had also filed the written statement. In the written statement filed on behalf of the workmen, it has been stated that at the Head Office, there are 125 workers and that this Company had joint administration with Steam and Mining Equipment (India) Private Ltd., that the Company is a very prosperous concern and financially strong and stable and had been earning huge profit every year and that though the Company is a member of the Indian Engineering Association, Calcutta, it has been unlike other members paying consolidated wages to its workmen, The Union at the request of the workmen presented the charter of demand dated 6th November 1963, regarding the ad-hoc increment of Rs 15/- per month in the wages of all categories of workmen with effect from the date of the receipt of the charter of demands, revision of grades and scales of pay (consolidated) of the subordinate staff, introduction of a gratuity scheme, recruitment and replacement, increase in the rate of Provident Fund Contribution. The Company by its comments dated 7th February 1964, had refused the demands in the charter of demands, and thereafter there was conciliation by Shri S. K. Banerjee, Labour Officer, West Bengal, but the conciliation failed. Then the Company and the Union separately applied under section 10(2) of the Industrial Disputes Act to the Government of West Bengal for reference of the dispute for adjudication. Pursuant to these applications, the order of reference had been made. It is further stated on behalf of the workmen that in view of the abnormal rise of the prices of the essential commodities, the workmen are entitled to an ad-hoc increment of Rs. 15/- per month, irrespective of whether the workmen are in enjoyment of an incremental scale of pay or not and this ad-hoc increment should be granted with effect from 7th November 1963, when the charter of demands was received by the Company. With regard to revision of grades and scales of pay (consolidated), the present scales of pay had been mentioned and the grades and scales of pay as per charter of demands had also been mentioned regarding the different categories of workers including the drivers and durwans. Regarding gratuity, it is stated that though the contributory Provident Fund is in force, the workmen are entitled to the benefits, of gratuity scheme, as the employers are financially capable to meet the expenses of the gratuity scheme. The employers should pay 15 days' wages (consolidated as now), or 15 days' wages inclusive of D. A. if at any time the existing consolidated wages be split into basic wages and dearness allowance, or 15 days' total wages, if any separate D. A. be given on top of the existing consolidated wages, for each completed year of service to the wokrmen in case of retrenchment, discharge, dismissal, retirement on medical grounds, termination of service on superannuation, and resignation. With regard to Rate of Provident Fund Contribution, it is stated that at present, the rate is 6 paise per rupee, that the rate of contribution in respect of clerical staff is 12½ paise per rupee and that the rate of contribution regarding the subordinate staff is 12½ paise per rupee, with retrospective effect from 7th November 1963.

The employer in the written statement has denied, that it is the largest importer of machinery in India and making huge profits, and has said that the Companys' trading opeations are limited to importing of few items including boiler equipments as agents of foreign principles, that most of the equipments are imported against actual user's import licence and the Company receives very modest remuneration for the import and that the import restriction has seriously jeopardised the Company's trading operations. The Company further states that it has not got licence for manufacturing spare parts for boilers, that it has got no branch in

Madras and that it does not have joint administration with Steam and Mining Equipment (India) Private Ltd., but there is only one common Director in the Board of Directors of both Companies. The company only obtained the Industrial Licence in 1959 and commenced manufacture of boilers, boiler spares, stoker and spares, grinding, screening and filtering equipment, coal handling equipment, at its works at 257, G. T. Road, Baidyabati, Hooghly and that the Company also undertakes contracts for installation of power generating stations, but the very nature of the contract is indefinite and uncertain. With regard to the payment of consolidated wages, the Company states that consolidated wages are being paid in terms of an agreement with the Union dated 1st May 1959. With regard to the question of ad-hoc increment of wages, the Company states that the claim in this regard is not maintainable, as D. A. has been merged into the consolidated wages and cannot be segregated for any purpose. With regard to revision of grades and scales of pay for for the subordinate staff, it is stated that the question was a subject-matter of industrial adjudication by the Fourth Industrial Tribunal, and the said award continues to be binding between the parties, that the Company voluntarily entered into the interim arrangement with the workmen for improving the grades and scales of pay and went to the length of offering a long term agreement and that the grades and scales of pay now in existence in this Company compare favourably with similar concerns in the vicinity. There is therefore no question of revision of grades and scales of pay. With regard to the claim for gratuity, it is said that the retiral benefit by way Provident Fund is in accordance with the provisions of the Employees' Provident Fund Act, 1952 and that the Company has neither the stability nor the ability to bear the expenses of gratuity scheme. With regard to the rate of Provident Fund contribution, it is said that the rate has been fixed by the Government at 6¼% and the contributions for the old employees in the clerical grade continue to be at a higher rate as the said higher rate was the existing benefit for them at the time of the transfer of the fund to the Government. The rate therefore cannot be enhanced except in accordance with the provisions of the Provident Fund Act, 1952.

The parties after the case was fixed for peremptory hearing had applied for time to effect settlement and, in fact, had filed the joint petition of compromise after two adjournments, on 26th June 1965. In the compromise which has been filed, there is also reference to the subsequent reference dated 26th March 1965, but the award should only be limited to the subject-matter of reference in the present case. It would appear that with regard to the revision of grades and scales of pay, there had been some upward revision of grades and scales of pay of certain categories of workers. With regard to the claim for ad-hoc increment it would appear that the Union has withdrawn their demands With regard to the rate of Provident Fund also, the Union has withdrawn the demand but with regard to gratuity there had been agreement regarding payment of gratuity on death, or on physical or mental incapacity or on medical grounds and also in the case of termination of service and superannuation. I have considered the terms and am of opinion that the terms are bonafide, fair and reasonable and should be given effect to.

I therefore pass an award in terms of the petition of compromise making the petition of compromise as Annexures to the award. This is my award.

**In the matter of an industrial dispute existing between Messrs. Gestetner Duplicator (P) Ltd., 114 Middle Road, Calcutta-14, and their workmen represented by the Gestetner Workers' Union, 117-B Lower Circular Road, Calcutta-14. (Case No. 162 of 1963).**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri K. P. MUKHERJEE, Judge,
Fifth Industrial Tribunal

Present for the Company : Shri R. Goswami, an officer of the Bengal Chamber of Commerce and Industry.

Present for the Union : Shri Nikhil Roy, Advocate,

The above industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, by Government Order No. 3278-I.R./IR/11L-303/63, dated the 13th August 1963, for adjudication upon the following issue :

**Issue**

(1) Whether the demotion of Shri Gayaram Shaw from the position of a shift-in-charge to that of a workman is justified ? To what relief, if any, is he entitled ?

After service of notices on the parties concerned, they entered appearance and filed their respective written statements. The case of the Union as set-forth in its written statement, may be shortly stated as follows :—

Shri Gayaram Shaw has been working in the Company for more than 30 years with a clean record of service and in recognition of his services he was appointed supervisor at the Entally Works of the Company. Subsequently, when the post of supervisor was abolished, and the post of superintendent was created, Gayaram was appointed a shift-in-charge. The Company, however, did not like his Union activities, and decided to punish him for his active participation in the affairs of the Union as its Vice-President. He was given a charge-sheet on 28th June 1962 on some false allegations and he was asked to give his reply to the same. He submitted a reply on 30th June 1962, denying the charges brought against him. Thereafter, after a show of enquiry and without giving him any reasonable opportunity to defend himself at the enquiry, he was demoted from the post of a shift-in-charge to that of a workman with effect from 1st September 1962 on the plea that the charge brought against him had been proved. As a result of his demotion and reduction in rank, he suffered heavy financial loss. The act of the Company in demoting him is said to be unjust, unfair and mala fide, and in violation of the principles of natural justice. The Union has prayed for reinstatement of the workman in his former post and also for difference in wages from the date of his demotion up to the date of his reinstatement.

The Company has filed a written statement in reply to the written statement filed by the Union. It is denied that Gayaram Shaw has a good record of service or that he acted as a Supervisor in the Factory. He acted as a shift-in-charge only, and this post was given to him in view of his seniority in service, and he continued as such after Mr. Godfrey was appointed Superintendent of the Factory. Gayaram was given a charge-sheet for major misdemeanour and a full enquiry was held into the charge brought against him. He was given full opportunity to defend himself at the enquiry which was held in conformity with the principles of natural justice. The Company, in demoting him, acted bona fide and took a lenient view of the matter in consideration of his long service. It is denied that the workmen has been victimised for his trade union activities, or the Company, in demoting him, was actuated by any unfair labour practice. The workman, it is pleaded, is not entitled to any reliefs as claimed by him in this case.

It is an undisputed fact that Gayaram was given a charge-sheet on 28th June 1962, while he was working as a shift-in-charge, and he submitted a reply on 30th June 1962, denying the charges brought against him. It is also not disputed that an enquiry was held into the charge-sheet against him and as a result of the enquiry he was demoted from the post of shift-in-charge to that of a workman with effect from 1st September 1962. The only question that arises for consideration is whether there is justification for the demotion of Gayaram which admittedly caused a heavy financial loss to him. The fact that there was an enquiry held against Gayaram in respect of the charge-sheet which was issued to him has not been denied. It has, however, been pleaded in paragraph 11 of the written statement of the Union that no enquiry worth the name had been held, and the workman was not given reasonable opportunity to defend himself. If it is shown that the employer has held a proper enquiry the Tribunal would not be entitled to consider the propriety or the correctness of the conclusion reached by enquiring officer at such enquiry. The Tribunal would be entitled to consider the said conclusions if they appear to be perverse or if the Tribunal is satisfied that the enquiry was unfair or either the proceedings or the final order passed against the workman amounted to victimisation or adoption of an unfair labour practice. If none of these facts is established, then the findings made by the enquiring officer in the domestic enquiry should be taken to be binding against the employee. This principle has been laid down by the Hon'ble Supreme Court in the case of Tata Oil Mill Company Ltd, and its workmen and another, reported in 1963-II-L.L.J. 78.

It is now to be seen whether the enquiry which was held against the workman can be regarded as fair and proper and in conformity with the principles of natural justice. It is an admitted fact that Shri Vanderputt held the enquiry, and the workman was present at the enquiry. The enquiring officer has not been examined, but the proceedings of the enquiry and the report of the enquiring officer have been marked Ext. D. I have carefully gone through the proceedings of the enquiry, Ext. D, and I am of the view that the enquiry was not held in accordance with the principles which have been laid down by Hon'ble Supreme Court in several decisions. One of the accepted principles is that in a domestic enquiry the employer should take steps first to lead evidence against the workman charged, give an opportunity to the workman to cross examine the said evidence, and then should the workman be asked whether he should give any explanation about the evidence led against him. This principle has been laid down by the Hon'ble Supreme Court in the case of Associated Cement Co. Ltd., vs. their workmen (1963-II-L.L.J. 400). It appears from the proceedings of the enquiry that the enquiring officer Shri Vanderputt asked Gayaram at the outset if he wanted to say anything, and he made a statement. Thereafter Sudarsan Nayek was examined as a witness for the workman. Thereafter three witnesses were examined for the Company, and the enquiry was adjourned. After the enquiry

was resumed, Ananta Chakraborty was examined as a witness for Gayaram, and the enquiry was closed on 16th August 1962. Thereafter one Md. Rahim was called as a witness by the enquiring officer, and the enquiring officer put questions to him, and obtained answers from him. There is nothing to show whether Gayaram was present when Md. Rahim was examine or that he was given an opportunity to cross-examine this witness. It was not open to the enquiring officer to examine any witness suo moto in support of the case of the Company after the workman has examined his witnesses, and without giving him any opportunity to cross-examine him. It also appears that Gayaram was not given any opportunity to cross-examine the witness Hiralal Paul. The evidence of Gayaram is that he was not given opportunity to cross-examine the witnesses for the Company, and there cannot be any doubt that Gayaram was not given any opportunity to cross-examine the Company's witness Hiralal Paul and also Md. Rahim, who was examined by the enquiring officer after the evidence of Gayaram was closed. The order in which the witnesses were examined, the non-examination of the enquiring officer taken along with the fact that Gayaram was denied the opportunity of cross-examining the Company's witnesses Hiralal Paul and Md. Rahim, leave no room for doubt that the enquiry was not a fair and proper one in accordance with the principles of natural justice. The order of demotion of Gayaram, so far as it is based on the domestic enquiry held against him, cannot stand.

It now remains to consider whether there is evidence before me which can be held as sufficient to prove the charge against Gayaram to justify the punishment meted out to him. The charge against him, as appears from the charge-sheet, Ext. 1, is that he shouted angrily in a loud voice at Mr. Godfrey and gave out that the management was resorting to 'zoolum'. It is not mentioned in the charge-sheet that this alleged act on the part of the workman amounted to an offence under the standing orders of the Company. In the written statement filed by the Company it has also been nowhere mentioned that the workman was guilty under a particular provision of the Standing Orders of the Company. The workman denied the charge brought against him, and his evidence is that he did not insult Godfrey on 26th June 1962, nor did he shout at him angrily. He has also examined one Sudarsan Nayek. He has also denied that Gayaram raised shouts and collected other workers on 26th June 1962. O.P.W.1, Godfrey, on whose report the charge sheet was issued to Gayaram, also does not state in his evidence that he misbehaved with him or insulted him. He has simply stated that the charge against Gayaram, was for indulging in disorderly behaviour, shouting, insubordination, etc. O.P.W.4 Md. Rahim has stated that he saw Gayaram talking to Godfrey in a loud voice, and Godfrey told him not to do so. O.P.W.5 Hiralal Paul has stated that there was an altercation between Gayaram and Godfrey in course of which Godfrey asked Gayaram to speak properly, and to which Gayaram said " জুলুম বন্ধ করুন ". The evidence of Md. Rahim and Hiralal Paul, even if accepted as true, only goes to indicate that there was an altercation between Godfrey and Gayaram in course of which Gayaram talked angrily in a loud voice. Being a workman, it is quite possible that he talked to Godfrey in a loud voice without any intention to insult him and he might have uttered the word 'zoolum' under some provocation. But his conduct does not amount to an offence under the Standing Orders of the Company so as to entail punishment of demotion to him causing a financial loss of more than Rs. 100 per month. The evidence adduced by the Company before me can hardly be regarded as sufficient to prove the charge brought against the workman Gayaram Shaw, and his demotion from the post of a shift-in-charge to that of a workman cannot be justified.

The Company is accordingly directed to put Gayaram Shaw to his former position as shift-in-charge and also to pay him the difference in wages from the date of his demotion up to the date of his reinstatement within one month from the date of publication of this award in the "Calcutta Gazette."

This is my award.

## AWARD

The Government of West Bengal, by order No. 633-I.R./IR/11L-267/64, dated the 26th November 1964, had referred for adjudication to this Tribunal the industrial dispute between Messrs N. V. Industrial Private Ltd., and their workmen.

### Issue

1. What should be the training period and wages of the following workmen—Sarbashri (a) Surendra Nath Ghose, (b) Buchan Kamptee, (c) Sankar Das Gupta, (d) Sankar Dutta and (e) Byomkesh Bhattacharjee ? To what relief, including permanent employment, if any, are they entitled ?

After the service of usual notice, the workman represented by the Union had filed written statement and the employer had also filed the written statement In the written statement filed on behalf of the Union it has been stated that the Company which is a very prosperous manufacturing concern employs about 32 employees, that the Company, however, has not Standing Orders and the workman has to depend on the sweet will and caprices of the management for redressing their just grievances, that the company had not yet fully implemented the award of the Third Industrial Tribunal published under G. O. No. 5783, dated 11th January 1960 though the award was a result of a compromise between the company and the workmen, that the Company has not yet implemented the award of the Second Industrial Tribunal published in the "Calcutta Gazette" dated 31st October 1963, and that a case for computation is now pending before the Second Labour Court, West Bengal. It is further alleged that the workmen mentioned above are all permanent workmen, but the company had denied them the benefit of minimum wages of Rs. 61 as per award of the Third Industrial Tribunal, that the Union had raised the dispute regarding the non-implementation of the award, that the Company also refused to grant them existing benefit of increment of wages according to the award of the Third Industrial Tribunal and that accordingly a complete schedule of the workmen showing their loss of minimum wages and annual increments up to 1963 was given to the Conciliation Officer, Labour Directorate, in response to his requisition regarding that matter. The union also had written the letter, dated 11th May 1964, clarifying its stand. Lastly, it is stated that the workmen mentioned above are not trainees but permanent workmen employed by the Company for a pretty long time. It is prayed that an award may be passed holding the workmen as permanent workmen and granting them benefits of permanent workmen namely, (i) minimum wages of Rs.61 as per award and (ii) annual increment granted to and enjoyed by the other workmen. It will be noticed that the case of the concerned workmen is at complete variance with the subject matter of the reference. I shall have occasion to discuss the matter later on.

In the written statement filed on behalf of the employer, certain preliminary objections have been raised regarding the reference itself. In the first place, it is alleged that there is no industrial dispute as defined in section 2(k) of the Industrial Disputes Act, 1947. In the second place, it is stated that the persons named in the reference are not workmen as defined in section 2(s) of the same Act. Lastly, it is urged that the Governor of this State, under whose authority the order of reference has been issued, was not holding office at the meterial time in accordance with the provisions of the Constitution of India. On these grounds, it is contended that this Tribunal has no jurisdiction to decide the subject matter of the reference. It is further stated in the written statement that the workmen enjoy very fair and liberal terms and conditions of service in comparison with other similar industries, that the Company has unhasitatingly complied with the pronouncement and directions of the Tribunals, that the five persons mentioned are not permanent workmen as stated on behalf of the workmen, and that the Third Industrial Tribunal did not make any specific direction in regard to the quantity of increment. It is therefore prayed that the workmen are not entitled to get any relief.

### Decision

Shri T. P. Chatterjee appearing for the Company had not pressed the third objection mentioned above. He conceded that after his Lordship Mr. Justice K. C. Sen and his Lordship Mr. Justice A. K. Das had differed as to whether the Governor of the State of West Bengal was functioning as such in accordance with the provisions of the Constitution; the matter was referred to his Lordship Mr. Justice Sinha and his Lordship Mr. Justice Sinha had agreed with his Lordship Justice A. K. Das and had come to the conclusion that during the relevant time, the Governor was functioning at least as *de facto* Governor and hence, her orders cannot be questioned to the Court of Law. After this pronouncement by Mr. Justice Sinha, Mr. Chatterjee did not press the third objection which I have mentioned above. He, however, contended that there is no really any industrial dispute under section 2(k) of the Act, and that the persons whose names have been mentioned in the order of reference are also not workmen under section 2(s) of the Act. Shri Chatterjee invited me to decide this preliminary question. Regarding the question whether the dispute is an industrial dispute or not, it was submitted by Shri Chatterjee that these persons are really apprentices who have been taken in for the purpose of learning certain jobs. In this connection Shri Chatterjee had referred me to the ruling reported in 1963 (II) L.L.J., 335=A. I. R. 1963 S. C., 1873 (University of Delhi vs. Ram Nath). In that case, their Lordships of the Supreme Court had observed that in view of the definition of employer, industry and workmen under sections 2(g), 2(j) and 2(s), it must be held that the work of imparting education carried on by Educational Institutions (in the instant case by the University of Delhi and Miranda College of Women), is not an "industry" within the meaning of section 2(j) of the Act, that the absence of profit motive also points to the fact that the work undertaken by an Educational Institution differs from the normal concept of trade or business, that the education in its true aspect is more a mission and a vocation,

rather than a profession or trade or business, however, wide denotation of the two latter words under the Act may be, and that in the main task of imparting education the subordinate staff employed by Educational Institutions, such as clerks, typists stenographers, accountants, drivers, peons, etc., play such a minor subordinate and insignificant part that it would be unreasonable to allow such work to render industrial colour to the principle activity of the Institution. In my opinion, this ruling does not really support the contention of Shri Chatterjee. It is undisputed that the employers are carrying on industry and even if it be assumed that the five persons mentioned above were taken as apprentices for learning jobs, the main activity of the employer is carrying on trade and business, and therefore, the apprentices must be regarded to be workmen. In this connection, I would point out that in the definition of workman in section 2(s) of the Act, "workman" has been defined to include an apprentice. The present section 2(s) was substituted by the Amending Act 36 of 1956. Even in the original Act of 1947, in the definition of workmen, an apprentice was included. Of course, it would appear from the ruling reported in 1954 (I) L.L.J., 44 (Aryan Cinema, Poona vs. T. B. Gaikawad), it has been held that an unpaid apprentice learning work as an operator in cinema is not a workman, but here it is not disputed that certain sums of money were paid to each of these persons by the employer. Therefore, I am unable to agree with the learned Advocate Shri Chatterjee that the dispute regarding these five persons cannot be considered to be an industrial dispute, or that these five persons, even if they are regarded as apprentices, are not workmen. The learned Advocate had also raised the contention that there is really no dispute with regard to the subject matter of the reference. In this connection, he had drawn my attention to the written statement on behalf of the workmen, and had pointed out that in the written statement, nothing has been said with regard to the period of training of the persons concerned, or with regard to the wages of those persons during the period of training, or with regard to the question of permanancy of those persons. Shri Roy appearing on behalf of these five persons did not dispute that no submission had been made regarding this point in the written statement filed on behalf of the workmen. He had urged that, in fact, the award of the Third Industrial Tribunal which was passed sometime in 1960, had not been fully implemented and that all these five persons had been taken in after the award, but they have been denied the benefit of that award. It would appear that the question whether these five persons are entitled to the benefits of the award of the Third Industrial Tribunal, is not a subject matter of reference to this Tribunal. It further appears from section 10(4) of the Act that the jurisdiction of the Tribunal is limited to the points of dispute referred for adjudication, and matters incidental thereto. I do not think it can be urged that this Tribunal must regard these five persons to be permanent workmen under the Company, and must decide the question whether they are entitled to the benefits in terms of the award of the Third Industrial Tribunal referred to above. Reference may be made in this connection to the ruling reported in A.I.R. 1960 S. C., 818=1960 (I) L.L.J., 808 (U.P. Electric Supply Co., Ltd., vs. Workers of Messrs. S. M. Choudhary and another). It would appear that there was disputes on four points, one of which was non-abolition of the contract system. After the failure of the conciliation proceedings, there was reference to adjudication, the parties thereto being Messrs. S. M. Chondhary and Co., and their workmen. The former was contractor to the U. P. Electric Supply Co. Ltd. The reference was with regard to three other points and did not include "non-abolition of the contract system". About two months afterwards another notification was issued by the Union Government by which the Electric Supply Co. was impleaded as a party, but the matters in dispute remained unamended. The Tribunal went into evidence and found that the workmen were, in fact and in reality, the employees of the Company. Their Lordships of the Supreme Court held that as the question of non-abolition of contract system had not been referred for adjudication, the finding of the Tribunal that these workmen are not workmen of the Company must be held to be beyond jurisdiction. I think, reference may also be made to the ruling reported in (1961-62) 20 F. J. R. 45 S. C. (Air Line Hotel Pvt. Ltd., vs. their workmen). In that case, the workmen had raised several demands, one of which was inspection of the Company's account bills and receipt books to ascertain the correct amount collected by the management, and due to the workers. The Government made a reference as regards all the demands excepting the one just mentioned. The Tribunal gave direction to the Appellant to give access to the workers to the account books. It was held by the Supreme Court that this direction was without jurisdiction as the Government had in terms of reference not referred to the dispute as regards the inspection of accounts. It was further held that there was no justification for the view that whatever could not be done directly because of the refusal of the Government to make a reference on this point could be done indirectly on the plea that it was incidental. Shri Roy, however, did not even urge that the matter raised in the written statement of the Union was really incidental to the matters mentioned in the order of reference. He had only urged, as stated above, that the award of the Third Industrial Tribunal which would apply to the case of the persons mentioned in the order of reference, who were employed later, had not been applied to them, and they had been denied the benefits of that award. I do not think, therefore, that there is really any dispute between the parties with regard to the matters mentioned in the order of reference. It is quite true that this point has not been specifically taken in the written statement filed by the employer. The point really arises out of the written statements which had been put in by the Union and the Company. As there is no question of prejudice, I had allowed the learned Advocates appearing for the parties to argue regarding that point. My conclusion is that there is really no dispute regarding the matters mentioned in the order of reference.

I have therefore come to the conclusion that a no-dispute award should be passed in the present case. I accordingly pass a no-dispute award. This is my award.

## ANNEXURE

**In the matter of an industrial dispute existing between the Commissioners of the Hooghly-Chinsurah Municipality, Hooghly, and their workmen represented by the Hooghly-Chinsurah Municipal Employees' Association, Municipal Office, Hooghly. (Case No. 149 of 1964.)**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Sri K. P. MUKHERJI, Judge, Fifth Industrial Tribunal.

Present for the Commissioners of the Municipality—Sri C. L. Ganguly, Advocate.

Present for the Employees' Association—Sri Biswanath Ash, Advocate.

The above industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, under G. O. No. 2054-I.R./IR/14L-7/64, dated 4th June 1964, for adjudication upon the following issues:

**Issues**

1. Is Shri Umapada Ghosh entitled to gratuity ?

2. What should be the retirement age of employees other than the teachers ?

Both parties to the dispute entered appearance after service of usual notices on them and filed their respective written statements.

The case of the Union as set forth in its written statement, shortly put, is as follows :

Shri Umapada Ghosh, the workman concerned in this dispute, was appointed as a Warrant Officer on 3rd December 1941 and after putting in service for about 19 years he tendered resignation of his office on 29th July 1960 on the ground of ill health. His resignation was accepted by the Commissioners in a meeting held on 30th July 1960. Subsequently, he was again appointed as Arrear Collecting Sircar in November 1961 by the Administrator who had been placed in charge of the Municipality on 29th June 1961 after the Municipality had been superseded by the Government. After his appointment as Arrear Collecting Sircar, Umapada Ghosh applied to the Administrator for payment of the gratuity which he was entitled to by reason of his service for about 19 years. The Administrator, however, refused to pay any gratuity to him on the plea that he having defalcated municipal fund during the period of his service as Warrant Officer as per report of a Sub-Committee appointed by the Commissioners at their meeting on 19th May 1958, was not entitled to any gratuity. Thereafter correspondences passed between the Union and the Administrator in which demand for gratuity was renewed by the Union and the Administrator having refused to revise his decision the matter was taken up with the Assistant Labour Commissioner, Chandernagore. The Conciliation Officer, however, failed to settle the dispute amicably and hence the present reference. The other issue in this case relates to the age of superannuation of the different categories of employees of the Municipality except the teachers. The Union has claimed that the age of superannuation for the employees should be fixed at 60 years or in the alternative, the age of superannuation be fixed at 58 years, and the employees should be allowed extension up to 63 years—provided they are physically fit and mentally alert. The Union also filed a supplementary written statement after the Municipality had filed its written statement and denied certain facts which had been disclosed in the written statement filed by the Municipality. The case of the Municipality, as set forth in its written statement, shortly stated is as follows:

It is pleaded that the question of payment of gratuity to Umapada Ghosh was considered by the Administrator appointed for the Municipality by the State Government, and he passed an order that Umapada Ghosh was not entitled to any gruatuity for the reasons stated by him, and in view of the decision of the Administrator the workman is not entitled to any gratuity which is payable at the discretion of the Municipality, and for good record of service.

A Sub-committee was appointed to investigate into certain charges which were brought against the workman during his period of service as Warrant Officer, and the sub-committee found him guilty of some irregularities and submitted a report accordingly and the Administrator on a consideration of the report of the sub-committee which was accepted by the Commissioners in their meeting held on 30th July 1960 and also the service record of the workman came to the decision that he was not entitled to any gratuity. The decision of the Administrator is to be taken as final and binding on the workman, and the matter cannot be reopened.

As regards issue No. 2, it is pleaded that the age of retirement for employees of the Municipality other than the teachers has been fixed at 55 years in accordance with the relevant model rules regarding appointment of municipal officers and servants, as approved by the State Government and there is no justification for extending the age of superannuation for the employees

of the Municipality other than the teachers. Both parties adduced oral evidence and also put in some documentary evidence in support of their respective cases.

**Decision**

*Issue No.* 1.—There is little dispute with regard to the facts which are relevant for a decision on this issue which relates to the question of payment of gratuity to Sri Umapada Ghosh, a workman of the Hooghly-Chinsurah Municipality. The workman was appointed as a Warrant Officer on 3rd December 1941 and he tendered resignation on 29th July 1960 on the ground of his ill health. His resignation was accepted by the Commissioners at their meeting held on 30th July 1960. He was again appointed as Arrear Collecting Sircar in November 1961 by the then Administrator of the Municipality, and he is still in service of the Municipality in the same capacity. After his appointment to the new post he applied to the then Administrator, Hooghly-Chinsurah Municipality on 1st May, 1962 for payment of gratuity as is admissible to him for his long service of about 19 years.

The Administrator by his order, dated 10th May 1963, refused payment of gratuity to him on the ground stated in his order on the application of the workman which has been marked Exhibit A. There cannot be any dispute that Shri Umapada Ghosh having put in service for about 19 years in the Municipality as Warrant Officer is entitled to gratuity as is admissible under the rules. The Municipality has not denied the fact that by reason of his long service in the Municipality the workman is entitled to gratuity. The claim of the workman is resisted only on the ground stated in paragraph 3 of the written statement filed by the Municipality. In that paragraph it has been stated that the workman is not entitled to any gratuity as decided by the then Administrator by his order, dated 10th May 1963. This appears to be only ground for refusing payment of gratuity to Shri Umapada Ghosh. The order passed by the Administrator on 8th May 1963 on the petition of Shri Umapada Ghosh for payment of gratuity to him runs thus. "Seen the service book and the report of the sub-committee appointed by the Commissioners at their meeting to hold enquiry into the serious irregularities committed by the applicant and the entries in the service book unfold a very serious offence that is defalcation of municipal fund and the report of the sub-committee reveals acts and deeds of the applicant which are condemnable. Therefore, his service record is far from satisfactory. As such no gratuity payment can be made to him." It is abundantly clear that the Administrator passed his order on a reference to the report of the sub-committee and also the service record of the workman which according to him is far from satisfactory. The basis of the order therefore is the report of the sub-committee and the service record of the workman. The Municipality has not produced the resolution of the Commissioners appointing a sub-committee to investigate into the irregularities alleged to have been committed by Shri Umapada Ghosh while he was working as the Warrant Officer of the Municipality. Be that as it may, the Municipality has produced a report which purports to be the report of the sub-committee appointed by the Commissioners on 17th May 1958 to investigate into certain irregularities committed by Shri Umapada Ghosh. This report was accepted by the Commissioners in their meeting held on 30th July 1960 when the resignation submitted by Shri Umapada Ghosh was also accepted. Shri Umapada Ghosh has examined himself and he has denied knowledge of any sub-committee which was appointed by the Commissioners to investigate into certain irregularites said to have been committeed by him. His evidence is that he was not aware of any such sub-committee, nor was he ever asked by the committee to appear and explain things appearing against him. There is no evidence worth the name on the side of the Municipality to show that any opportunity was given to Shri Umapada Ghosh by the sub-committee to explain the circumstances appearing against him at the enquiry. This enquiry by the sub-committee appears to have been made behind the back of Shri Umapada Ghosh and without giving him any reasonable opportunity to have his say before the Committee. This sort of enquiry is clearly against the principles of natural justice and the report of such an enquiry cannot be allowed to be used against the workman, against whom the enquiry was made. This report of the sub-committee which speaks of about some irregularities said to have been committed by Shri Umapada Ghosh in his capacity as Warrant Officer, cannot be used against him for the reason already stated. The report of the sub-committee and also the resignation of Umapada were accepted by the Commissioners in their meeting held on 30th July 1960, but the Commissioners did not propose to take any action against him on the report of the sub-committee, and it decided to take action against him in case it was found that he committed defalcation of municipal fund. It has however not be proved that he misappropriated any money of the municipality. The order of the Administrator refusing payment of gratuity to Shri Umapada Ghosh so far as it is based on the report of the sub-committee cannot be sustained. The Administrator in refusing payment of gratuity also took into consideration his service record which according to him was not satisfactory. The service record of the workman has been produced and has been marked Exhibit E. The service book shows that he was once warned for gross negligence for duty during the period of his service for about 19 years. It is thus difficult to hold that the entries in the service book unfold a very serious offence as has been observed by the Administrator in his order, dated 10th May 1963. The service record of the workman does not also justify nonpayment of gratuity to him. The order of the Administrator which is based on the report of the sub-committee and service record of the workman therefore cannot stand. The workman by putting in about 19 years of service earned gratuity and it is difficult to understand why the benefit thus earned by him should not be available to him. It has been laid down by the Hon'ble Supreme Court in the case of Government Cleaning Works and its workman (1961-I-L.L.J., 513) that gratuity is not paid to the employee gratuitously or merely as a matter of boon. It is paid to him for service rendered by him to the employer and when it is earned it is difficult to understand why it should necessarily be denied to him. In view of this decision and the facts proved in the instant case, there cannot be any reasonable ground for nonpayment of gratuity to Umapada Ghosh. I accordingly hold that he is entitled to gratuity as is admissible to him under the rules for the period of his service as Warrant Officer. This issue is accordingly disposed of.

*Issue No. 2.*—This issue relates to the age of superannuation for the employees of the Municipality except the teachers. The age of superannuation for the employees other than the teachers of the Municipality at present is 55 years. This is in accordance with Government notification No. L. S. J. 175/47/38, dated the 26th February 1947. The Union has claimed that the present age of superannuation of the employees excepting the teachers should be fixed at 60 years in line with that of the employees of the Calcutta Corporation and the Municipality of Howrah or, in the alternative, the age be fixed at 58 years, and the employees should be allowed extension up to 63 years provided they are physically fit and mentally alert. The question of fixing the age of superannuation for industrial employees came up for consideration before the Hon'ble Supreme Court in several cases. It has been held by the Hon'ble Supreme Court in the case of Imperial Chemical Industries (P) Ltd., versus their workmen (21 F. J. R. page 428) that in fixing the age of retirement no hard and fast rule can be laid down. The decision on the question would always depend on a proper assessment of the relevant factor and may conceivably vary from case to case. The trend of decisions is that normally the age of retirement should be fixed at 58 years and it has been held by the Hon'ble Supreme Court in the case of Hindusthan Times vs. their workmen (1963-I-L. L. J. 109) that in consideration of the present day circumstances in the country it would be fair to fix the retirement age at 58 years. The same view has been taken in the case of workmen of Balmer Lawrie and Co. versus Balmer Lawrie and Co. (1964-I-L. L. J. 381) and also in the case of workmen of Jessop and Co. versus Jessop and Co. (1964-I-L. L. J. 455). In view of these decisions it is ony reasonable that the age of retirement of the employees of the Municipality except the teachers should be fixed at 58 years. I accordingly fix the age of retirement for the employees of the Municipality other than the teachers, at 58 years. This issue is accordingly disposed of. This is my award.

Dominion Rubber Co.(P) Ltd., 1, Kundon Lane, Lillooah, Howrah, and their workmen represented by Dominion Rubber Co. Mazdoor Congress, 7B Rani Rashmoni Road, Calcutta-13, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

## ANNEXURE

**In the matter of an industrial dispute between Messrs. Dominion Rubber Co. (P) Ltd., 1, Kundon Lane, Lillooah, Howrah, and their workmen represented by Dominion Rubber Co. Mazdoor Congress, 7B Rani Rashmoni Road, Calcutta-13, referred under G. O. No. 5147-I.R./IR/11L-208 63, dated 17th December 1963. (Case No. VIII-316 63).**

Present:

Appearances

For the Union: Shri Tarak Banerjee, Working President.

For the Company: Shri N. M. Das Gupta, Advocate, assisted by Shri D. K. Das Gupta, Advocate.

The above dispute over the issue given in the Order of Reference and reporduced below, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, Order No. 5147-I.R./IR/11L-209/63, dated the 17th December 1963.

### Issue

Whether the dismissal of Shri Tagore Das and Shri Subhas Lal is justified? To what relief, if any, are they entitled?

### Award

After service of notices of the reference upon the parties, they appeared through their representatives and filed their respective written statements in due course. After necessary preliminary proceedings and some adjournments the case was fixed for hearing on 22nd February 1965. On that date, a joint petition of compromise in respect of one of the concerned workman Shri Subhas Lal was filed before this Tribunal. The joint petition set out the terms upon which the dispute in respect of Shri Subhas Lal had been settled and the parties prayed in the petition for a compromise award in terms of the settlement. As there was no settlement in respect of the other concerned workman

Shri Tagore Das, the case could not be at once partially disposed of by a compromise award in respect of Shri Subhas Lal and accordingly after recording the compromise petition in respect of Shri Subhas Lal, the case was adjourned to a further date for hearing in respect of the other worker Shri Tagore Das. On the adjourned date, the Union prayed for time and so the case was finally adjourned for hearing to 6th July 1965. On that date, another joint petition of compromise in respect of Shri Tagore Das was filed before this Tribunal stating that the dispute in respect of this worker had been amicably settled with the Company and this workman did not press his claim for any relief before this Tribunal in view of the settlement and the parties prayed for a 'no-dispute' award in respect of this worker. In this joint petition of compromise, the previous joint petition of compromise in respect of the other workman Shri Subhas Lal was also referred to and it was stated that Shri Subhas Lal had been reinstated and had been working under the Company in terms of the previous settlement.

I have considered both the joint petitions of compromise. Each of these is signed by the concerned worker and the authorised representatives of the Union and the Company. The terms set out in the petition of compromise appear to me to be quite fair and lawful. Shri Tagore Das in respect of whom a 'no-dispute' award is prayed for on the basis that the dispute regarding him has been amicably settled, himself appeared before me and confirmed the statements made in the petition. I am satisfied that there has been a bonafide settlement of the dispute concerning both the workmen in terms of the joint petition of compromise. Accordingly I would make a compromise award in terms of the joint petition of compromise.

In the result, I make a compromise award in respect of the concerned workman Shri Subhas Lal in terms of the joint petition of compromise filed on 22nd February 1965 and a 'no-dispute' award in respect of the other concerned workman Shri Tagore Das on the basis of the joint petition of compromise filed on 6th July 1965. Copies of both the joint petitions are made a part of the award.

### NOTIFICATION

No. 5269-Power/4M-26/65.—29th July 1965.—In terms of the provision of section 3 of the Oriental Gas Company Act (XV of 1960), the management and control of the Undertaking of Messrs. Oriental Gas Company Limited was taken over with effect from the 17th October 1960 in pursuance of Commerce and Industries Department notification No. 4215-MP, dated the 3rd October 1960, published in an extraordinary issue of the "Calcutta Gazette" of October 6, 1960. The Undertaking was subsequently acquired by the State Government under section 7 of the Act, *vide* Commerce and Industries Department notification No. 1283-MP, dated the 22nd March 1962, published in an extraordinary issue of the "Calcutta Gazette" of 22nd March 1962. Since the taking over of the Undertaking, it has been under the administrative control of the Commerce and Industries Department of the State Government and is being run as a Departmental Undertaking.

2. In consideration of the very poor condition of the Gas Producing Plants of the Undertaking, it was decided to implement a Gas Grid Project through the Development and Planning (Durgapur Industries) Department to make available in the Calcutta area surplus dry coke oven gas from Durgapur. With the completion of the project in July 1963 production of wet gas at Sealdah Gas Works of the Undertaking was stopped and, with effect from the 17th July 1963, the supply of dry coke oven gas from Durgapur to various consumers in Calcutta and its environs was started by the Undertaking through its distributing machinery. The production of gas at Durgapur is with the Durgapur Projects Limited which is

under the administrative control of the Development and Planning (Durgapur Industries) Department and the distribution of Gas in Calcutta is with the Oriental Gas Company's Undertaking which is under the administrative control of the Commerce and Industries Department of the State Government.

3. The Durgapur Projects Limited are expanding its capacity to produce more B.P. Hard Coke and in the process will be producing more gas. It is necessary to take up additional development projects to increase the consumption of gas in the Calcutta area. As it is an integrated process, it is considered expedient that the production of gas and its distribution to the consumers should for the present be under the administrative control of one Department of the State Government.

4. Accordingly, in order to enable the Development and Planning (Durgapur Industries) Department to take up and execute integrated development projects for augmenting the consumption of gas in the Calcutta area and to coordinate the work of the Durgapur Projects Limited with the development schemes undertaken by the Oriental Gas Company's Undertaking, it has been decided that, with effect from the first day of August 1965, the administrative control of the Undertaking of the Oriental Gas Company will be temporarily transferred from the Commerce and Industries Department to the Development and Planning (Durgapur Industries) Department of the State Government, on the following terms and conditions:—

(i) that the surplus lands of the Undertaking at Sealdah, Taratala and Kadapara and the Gas Works at Sealdah will remain at the disposal of and under the administrative control of the Commerce and Industries Department for proper utilisation in furtherance of industrial development and that the Administrator will continue to look after these assets on behalf of this Department;

(ii) that in taking policy decisions on matters relating to the Undertaking, the Development and Planning (Durgapur Industries) Department shall consult the Commerce and Industries Department;

(iii) that the position will be reviewed after two years to decide about the further continuance of this arrangement.
